

National Guardsmen Rule Over Anderson; 10 Wounded In Fray

Anderson, Ind., Feb. 13.—(AP)—National guardsmen held strife-torn Anderson under bayonet rule tonight following an early morning skirmish in which shots were fired and stones hurled, between union and non-union automotive workers.

With bayonets fixed, troops patrolled the streets. Other guardsmen and state police established highway blockades to hold back union members and sympathizers, most of them from Michigan, who sought to bolster union forces within this General Motors accessory center.

FLINT PEACEFUL, HAPPY AS 3,000 RETURN TO JOBS

Roar Of The Machines Marks Real End Of Auto Strike

Flint, Mich., Feb. 13.—(AP)—Three thousand smiling, happy automobile workers today returned to their jobs in the giant Fisher Body plant No. 1 as the roar of machines marked the real end of the six weeks' General Motors strike.

These workers, idle since December 30 when the plant was closed by a sit-down strike, were the first of 100,000 who will go back to work by next Tuesday in the corporation's plants throughout the nation.

A few hours after the day shift of 1,500 punched the time clock at the Fisher plant, National Guard officials started demobilization of the 3,300 troops on duty in the strike zone.

A cavalry regiment and a field artillery regiment, totaling about 750 men, left for their homes during the morning by train and motor lorries. The other troops will leave Flint some time next week, Colonel Joseph H. Lewis said.

The "return to work" movement began at 7 a. m. as the workmen filed between gray-uniformed company guards at the gates. Many of them wore union buttons displayed prominently on their overalls. Before the strike, wearing of the union insignia in the plant was forbidden.

Only the south unit of the plant resumed operations today. In the north unit, where the sit-down took place, maintenance men were busy tearing down makeshift barricades put up by the strikers and preparing the plant for work by the middle of next week. The Fisher No. 2 plant, which also was occupied by strikers, will be ready to open Tuesday.

With the exception of the final assembly line, the Buick plant will be re-opened Monday with 12,500 persons returning to their jobs. The Chevrolet plant also will resume operations Monday. By the end of the week, General Motors officials said, virtually all of the 43,000 persons employed in Flint by the corporation will be back at work.

SLUGGISH FLOOD ON LAST LAP TO GULF

New Orleans, Feb. 13.—(AP)—Sluggish flood waters of the Mississippi river jetted into the final lap of a winding course to the gulf today, their chief threat to weak spots in "loosely guarded levees."

Sand boils—suddenly developing openings in earthen banks beneath levees—commanded major attention of U. S. engineers.

Thirty-five boils started during the day between New Orleans and Vicksburg and were quickly checked with sandbags.

Levees were raised on Lake Pontchartrain, behind New Orleans, to care for an expected rise from the opening of a protecting spillway above the city. River observers reiterated "New Orleans is perfectly safe."

MARRIAGE LICENSE

Lincoln T. Bargery and Esther Lilly Kuhn, Jacksonville.

River is Back in Form; Louisville Is Still Groggy

Louisville, Ky., Feb. 13.—(AP)—Old Man River is back in his banks, as placid as you please, but it will be many days before Louisville forgets that just three weeks ago a record flood broke over her, completely paralyzing business in a city of 330,000 people.

Many business houses are functioning again, but under handicaps. Power has been restored to certain plants, but the service is spotted. While elevator service was announced in one leading department store Friday, today marked the beginning of "lift" service in some downtown office buildings. Many buildings were still without heat.

While street car and bus service has been "restored," it, too, is a long way from normal.

Of all the every day conveniences, practically the only one back to normal is water service.

UNITED FRONT OF CAPITAL IS BROKEN—LEWIS

Predicts Victory For
C. I. O. With Steel
Industry

Says Green is Like "Elderly Lady With Wooden Leg"

Detroit, Feb. 13.—(AP)—John L. Lewis declared tonight that the General Motors strike settlement broke "the united front of capital" and predicted victory for his committee for industrial organization when it presents its demands to the steel industry.

Asked at a press conference if he believed strikes would be necessary in the steel plants, he said:

"I abhor strikes. I hope that the steel industry will approach the problem rationally. I don't anticipate a strike."

Of William Green, president of the American Federation of Labor which is at sword's points with the C. I. O., Lewis said:

"I look on him as a good deal like an elderly lady with a wooden leg. I may enlarge on that later, but not now."

The militant chief of the C. I. O. is recovering rapidly from influenza, which sent him to bed during the last stages of the General Motors strike settlement negotiations this week. He said he would leave for Washington Sunday to plan his campaign in the steel industry, and to work on renewal of United Mine Workers' contracts with mine operators.

He likened the steel campaign to "the crouching lion of the labor movement."

Asserting that the A. F. of L. had been "pecking away" at the automobile industry for several years, Lewis declared that it remained for the mass-production United Automobile Workers of America to organize effectively.

Three Germans Die At Chopping Block; Others Await Fate

One Man Is Executed for
"High Treason" in
Nazi State

Berlin, Feb. 13.—(AP)—Three Germans met death at dawn today in Macabre formalities of the Nazi chopping block.

Three times the top-hatted headman swung his gleaming axe to execute one man for high treason and two others for "non-political" murders. At least six more remain in Reich jail cells waiting a similar fate.

Secrecy enshrouded full details of the executions, but custom dictated that the professional headman wear formal dress and snow-white gloves that are never used twice.

Kurt Stanel of Dresden, paid with his head for high treason, while Bruno Busse and Georg Gramann were beheaded for "non-political" killings. Four others met a like death during the past week.

In prison were at least five Communists facing death sentences for activity before Adolf Hitler's rise to power in 1931. Officials accused them of invading storm troop headquarters in October, 1931, killing the landlord and wounding three troopers. They are Paul Zimmermann, Bruno Blank, Walter Schulz, Helmut Schwaers and Bruno Schroeter.

In Cologne, Werner Marx, 26, was another candidate for the chopping block for murdering his sweetheart.

Withdraw Pickets In Detroit Strike

Detroit, Feb. 13.—(AP)—The Mechanics Educational Society of America withdrew its picket line from one plant of the Nash-Kelvinator Corp. this afternoon and food was sent inside the plant to a dozen company guards for the first time since Friday.

The union had considered the advisability of "starving out" the guards. The picket line turned back a caterer's truck carrying food to the guards at noon.

A "sit-down" strike has been in progress in the main Kelvinator plant on Plymouth road since February 2. The strike spread subsequently to two other plants on Fort street, but they are not occupied by strikers.

Attorneys for the corporation and the M. E. S. A. began conferences yesterday looking toward a settlement of the strike, reported today that they were making progress.

Alex J. Groesbeck, former governor of Michigan, is attorney for the company. Representing the union were Matthew Smith, national secretary of the M. E. S. A., and Maurice Sugar.

DECLARED EXPELLED

Tampa, Fla., Feb. 13.—(AP)—Dr. Grau San Martin, former president of Cuba, and a leader in the Cuban Revolutionary party, was declared expelled from the party today in a statement from the executive committee, which maintains headquarters here.

Admit Espionage on U. S. Agents

Robert Pinkerton, right, head of the Pinkerton Detective Agency, and R. L. Burnside, Detroit Pinkerton official, are pictured above as they admitted before the Senate's civil liberties committee that their operatives shadowed Edward F. McGrady, government conciliator, in the 1935 Chevrolet strike. They said their operatives were frequently assigned to watch other government officials, but that their account with General Motors had been closed early in February.

American Couple Hailed as "Saviors" in Malaga Siege

Malaga, Spain, Feb. 13.—(AP)—Accclaimed by Fascist conquerors of Malaga as "saviors of hundreds of lives," Mr. and Mrs. Edward Norton of Memphis, Tenn., held open house today for grateful Malaguans.

The Nortons, who live in Villa Los Pinos overlooking the Mediterranean, admitted they had sheltered "lots of friends, and friends of friends" during government control of the city.

But they said they were overwhelmed by the plaudits they received from the insurgents who seized the city Monday, and Mrs. Norton added: "We only did what we could—the terrible thing was that we couldn't do more."

A Nationalist officer whose family stayed for months at the Nortons' home prior to escaping on a British destroyer declared:

"They risked their own lives scores of times to save our people."

Norton drove into downtown Malaga daily to intercede with the city committee on behalf of his friends, the officer said.

LIBERALS SPLIT IN PROGRAM TO CONTROL COURT

Wheeler And LaFollette Differ On Proposal

Sen. Wheeler Urges Amendment of Constitution

Washington, Feb. 13.—(AP)—Senator LaFollette (Prog-Wis) and Senator Wheeler (D-Mont.), dominant figures in the congressional liberal bloc, split tonight on President Roosevelt's proposed reorganization of the courts.

LaFollette championed enlargement of the supreme court as "the only way in which the popular will may be translated into effective action."

Wheeler, who was the vice presidential running mate of LaFollette's famous father in 1924, denounced the proposal as a "stop gap" establishing a "dangerous precedent."

He urged instead a constitutional amendment giving congress power to regulate hours, wages and working conditions.

The disagreement between the two, who generally for years have thought along the same lines on economic and legislative problems, illustrated the sharp cleavages which a week of reflection on the president's proposals has produced in every party and faction.

Slowly, the lines have been forming for a parliamentary battle such as the capital seldom has seen. The Democratic party in Senate and House has been split wide open, as has the Republican party.

Public opinion polls, the Senate inquest tonight was 30 for the plan and 29 against, with 33 still uncommitted publicly.

President Roosevelt continued to press the case of calling small groups of senators to the White House for a personal explanation of the program. The day also brought suggestions from some Democratic leaders in congress that voluntary supreme court retirements might ease the present situation.

They expressed hope privately for early enactment of the House-approved bill to permit the retirement of supreme court justices on full pay at 70 years of age.

Assistant Postmaster Thomas Harber and Mrs. Harber are spending a vacation in the south. They are spending out of their time in Arkansas, Texas and New Orleans.

STUDY LOSS OF STATE REVENUE IN COURT RULE

Illinois Budget Needs
Funds From Utility
Sales Tax

Many Other Sources Making
Demands on State

Springfield, Ill., Feb. 13.—(AP)—The question of whether tax increases will be necessary during the 1937 legislative session stayed in the background today as Governor Horner and his finance officials studied without comment the supreme court opinion invalidating the Utility Sales Tax.

As the governor prepared for a trip to Washington, no decision was announced regarding the immediate problem caused by the loss of relief revenues averaging \$550,000 a month.

The major possibility discussed unofficially was that the administration might sponsor a new utility tax bill designed to meet court approval by removing the exemptions on sales of industrial power. A no-exemption law, taxing industrial as well as domestic and commercial sales of electricity, gas and water, would bring in considerably more revenue than the \$7,000,000, including protested items, collected during 1936 under the unconstitutional act.

Meanwhile the balancing of the state budget was jeopardized before the house and senate committees start work on the biennial appropriations bills. The governor's budget message hasn't been submitted to the legislature and the question of whether new or higher taxes will be needed hasn't been faced.

Unemployment relief is costing the state \$3,000,000 a month, with at least another million being spent for old age pensions. The cost of Ohio Valley flood rehabilitation hasn't been estimated, but the governor has a bill in the house asking \$500,000 for a flood relief emergency fund.

Requests for appropriation increases have been made by the health department, the University of Illinois, the Division of Parole supervision and other governmental units. School organizations again are demanding more state aid money.

The 1935 legislature met the relief financing problem by increasing the retail sales tax to three per cent and adding the utility tax. In his January inaugural message, Mr. Horner said:

"With present revenues, the amount contributed by the state cannot be continued indefinitely."

In the aftermath of the supreme court decision, the treasury reported that \$3,352,250 of utility tax payments had been held under protest. Officials said the funds probably would have to be returned.

Finance director S. L. Nudelman pointed out that only the utility sales tax was knocked out by the supreme court and warned that the three per cent retailers tax must still be paid.

Fire Traps 300 in Theater at Antung, Province of Japan

Tokyo, Feb. 14.—(AP)—The newspaper Asahi reported today more than 300 women and children died in a moving picture theater fire in Antung, Manchoukuo.

Japanese troops were called out, the paper said, and distinguished themselves by saving many lives.

(Antung is on the Yalu river, about seven miles above its mouth in the Bay of Korea.)

It reported the theater was filled to capacity of 1,500 with a holiday crowd when fire broke out behind the stage.

The audience rushed in a panic for the doors, Asahi said, as the flames traveled so swiftly that in less than an hour the entire structure was razed.

Most of the men, the paper said, forced their way out of the blazing building before it collapsed but women and children were trapped.

Five Guards Watch Over Quints After Tale of Kidnaping

Police Investigate Stories of
Plot Against
Dionnes

Toronto, Feb. 13.—(Canadian Press)—Five guards instead of the usual three watched over the Dionne quintuplets tonight as police investigated stories of a plot to kidnap two of the famous little girls.

Attorney General Arthur Rockwell and police were inclined to brand the tale of the plot a hoax, but were "taking no chances."

A telephone call from an unidentified boy traveler brought news of the reputed "kidnap plot" to a constable's wife in Etobicoke township. The man said he had heard two passengers talk of kidnapping two of the sisters, one of them saying "everything is arranged."

Efforts to trace the call were unavailable.

Meanwhile, the bright-eyed little girls played in their Callander nursery, unmindful of the second "kidnap scare" in two years. They will be three years old next May 28.

An eight-foot steel fence surrounds the nursery, and it is around this that the guards walk an unceasing patrol.

Kansas City is the birthplace of the Beery brothers Noah and Wallace, of movie fame.

Crack Troops Force Rebels Back On Road Leading To Valencia

Near Arganda on the Valencia Highway Front, Feb. 13.—(AP)—Crack troops marshalled by the Spanish government drove insurgents back tonight with a fierce assault on entrenchments in heights dominating the vital Madrid-Valencia highway.

An almost ceaseless battle has been under way here for three days during which the roar of air raiders, the thunder of artillery and the rattle of machine guns have given the hill, olive-growing countryside little rest.

Arganda is 15 miles southeast of Madrid.

Repeated insurgent raids have never provided a position that could be held here on the road proper, but from a bluff about 200 yards away the insurgent forces continued to sweep the pavement with machine guns and rifles.

From an observation post a quarter of a mile west of Arganda shells from the government artillery could be seen bursting near the enemy positions. The guns roared constantly.

Suddenly six tri-motored bombing planes, escorted by 14 pursuit ships, appeared from behind a barrier of cliffs and observers took cover under olive trees. As the ships sped overhead, an officer shouted: "They are going to bomb Arganda! Keep a sharp eye out. Ours will soon be here, too."

After a few tense moments a series of explosions could be heard from the direction of Arganda. Then the insurgent squadron swung around and headed back towards the bluffs.

But before it could get away 15 government planes loomed into view from the other side of Arganda and started an aerial attack on the invaders.

(A previous dispatch from Madrid told of an insurgent air raid on Arganda in which a hospital was bombed, three persons killed and 25 injured.)

Insurgent gun batteries also continued to pound at the Arganda bridge over the Jarama river.

So long as this situation continues, the road in this sector can not be used for traffic, although approaches to Madrid over detours still remain.

Arganda, where the colonel commanding this sector has his headquarters, is clogged with troops going and coming to and from the fields of battle. The colonel declared he had plenty of troops, tanks and field guns at his disposal.

"In the last three days we have pushed the enemy back steadily," he said, indicating the expanse of fields rolling away to the west.

"No, they have not taken the Arganda bridge. I do not think they will take it, even though they have 10,000 more men than we."

The insurgent bombing planes beat a hasty retreat, but their escorting ships doubled back to give combat. Insurgent and government planes zoomed over the olive fields, diving and circling in battle which lasted a half hour.

World's Richest Man Celebrates Jubilee

Hyderabad, India, Feb. 13.—(AP)—Thousands of Mohammedans bowed down to earth today to thank Allah for the life of the world's richest man—the Nizam of Hyderabad.

Solemn prayers were uttered by roadsides as the Nizam, possessor of an estimated annual income of \$50,000,000 passed through the streets to open his silver jubilee, riding in a 26-year-old Rolls Royce refurbished for the occasion.

Services in the central mosque opened the jubilee at which 50,000 subjects gave thanks that Allah had spared the Nizam and granted him health during his 26-year reign. The jubilee, originally scheduled for last year, was postponed because of the death of George V, emperor of India, and because on the Nizam's sons died.

Without jewels, the Nizam was simply dressed in a grey morning coat and a plain turban. He was accompanied by two sons who bear princely titles and by several other sons.

After recital of poems of gratitude and praise, the Nizam, ruler of 14,500,000 subjects, prostrated himself in the midst of his subjects according to Mohammedan rule, which considers all equal at prayer-time.

The theme of the prayers was thankfulness for Hyderabad's religious freedom, undisturbed by communal bickering.

Four ships, tentatively scheduled to sail today, failed to leave port here. Although a cause of the seafaring groups showed no opposition to the discharge books, the sailors, the marine firemen and the cooks and stewards attacked the law on the ground it enabled employers to discriminate against individuals.

The act was designed to promote safety at sea.

FIRE AND WATER

Washington, Feb. 13.—(AP)—Fireman quickly extinguished a blaze late today in the basement of the eight story internal revenue building. Building guards said several sacks of old records were destroyed by fire and water. But they believed the papers were unimportant.

MOUNTING

Washington, Feb. 13.—(AP)—The Red Cross reported today that contributions to its flood relief fund totaled \$20,689,665.

AUTO INDUSTRY PAYROLL IS AT HIGHEST POINT

Figures Eclipse Best
Of Pre-Depression
Days

Detroit, Feb. 13.—(AP)—Boosted by \$400,000,000 this week, the steadily-growing payroll of the automobile industry today stands at the highest point in history.

Increases coincident with steadily expanding production volume in the last four years have raised the aggregate earnings of automobile workers from the depression low of \$278,000,000 in 1932 to nearly \$900,000,000. In 1932 the industry's product, including parts, had a wholesale value of \$793,045,300; last year it reached \$3,626,612,000.

The previous high in earnings for any year was in 1928 when the payroll of the industry totaled \$747,000,000.

Wage increases were announced this week by General Motors corporation, the Chrysler corporation and Packard. General Motors announced increases averaging five cents an hour and totaling \$25,000,000 a year. Similar increases were put into effect in November when the corporation also announced distribution of a \$10,000,000 "Christmas appreciation fund."

Alfred P. Sloan, Jr., General Motors president, said the November and February increases would raise wages to approximately 25 per cent above the highest prevailing in the pre-depression period.

The Chrysler increases averaged 10 per cent and totaled \$13,000,000 to \$14,000,000 a year.

Packard's increases boosted the yearly payroll about \$2,000,000 and averaged about five cents an hour.

These companies produce about 60 per cent of the nation's automobiles and trucks. Their announcements leave the Ford Motor company as the only major company that has not made general wage increases in the past year.

DR. CHARLES SEYMOUR NEW YALE PRESIDENT

New Haven, Conn., Feb. 13.—(AP)—The Yale corporation today elected Dr. Charles Seymour, 52-year-old educator, diplomat, historian, university administrator and alumnus, as the fifteenth president of Yale University. He is related to two of his predecessors.

He succeeds Dr. James Rowland Angell, Yale's head since 1921, who retires in June having reached the retirement age of 68 for faculty members.

Dr. Seymour, a popular figure on the Yale campus, was notified of his selection by Gov. Wilbur L. Cross, an ex-official fellow of the corporation, and the Rev. Henry Sloane Coffin of New York City. The New York head became a member of the faculty in 1911.

Without jewels, the Nizam was simply dressed in a grey morning coat and a plain turban. He was accompanied by two sons who bear princely titles and by several other sons.

After recital of poems of gratitude and praise, the Nizam, ruler of 14,500,000 subjects, prostrated himself in the midst of his subjects according to Mohammedan rule, which considers all equal at prayer-time.

The theme of the prayers was thankfulness for Hyderabad's religious freedom, undisturbed by communal bickering.

Four ships, tentatively scheduled to sail today, failed to leave port here. Although a cause of the seafaring groups showed no opposition to the discharge books, the sailors, the marine firemen and the cooks and stewards attacked the law on the ground it enabled employers to discriminate against individuals.

The act was designed to promote safety at sea.

Question Parents Of Murdered Boy

Chicago, Feb. 13.—(AP)—The foster parents of five year old Roger Loomis voluntarily submitted to a lengthy interrogation under a lie detector today as officials strove to dispel the mystery enveloping the slaying of the child.

For more than three hours Mr. and Mrs. George Loomis were questioned at Northwestern University's crime detection laboratory.

They returned to their home in Lombard after State's Attorney Russell Keeney of Du Page county said they had given no new information.

Little Roger went out to play near his home eight days ago. The following morning his body was found in a Lombard prairie. He had been strangled with his own scarf.

Weather

For Jacksonville and Vicinity—Fair and colder today; cloudy and slightly warmer tomorrow.

The Northern Sanatorium, cooperative observer for the U. S. Weather Bureau, last night gave temperatures as: High 52; low 39 and current 37.

Illinois—Generally fair, somewhat colder Sunday; Monday increasing cloudiness with rising temperature.

Wisconsin—Mostly cloudy Sunday and Monday; colder Sunday; rising temperature Monday afternoon.

Missouri—Fair, colder in extreme east portion Sunday; Monday becoming unsettled with rising temperature.

Iowa—Fair, colder in extreme east, somewhat warmer in extreme west portion Sunday; Monday unsettled with rising temperature.

The Grade Tournament

The "little fellows" will have their day this week in basketball. Some of them are not so small—seventh and eighth grade youngsters have a way of filling out and "shooting up" before father and mother realize they have emerged from babyhood—but at least, they are not as large as their high school brothers.

The Journal and Courier sports department has realized the need for a grade school basketball tournament in Morgan county; the possibilities of bringing together these junior teams for a purpose of creating more interest in the time game, and promoting a spirit of good sportsmanship.

Consulting school authorities on the various details, the Journal and Courier have completed arrangements for the first annual Morgan County Grade School tournament Tuesday, Wednesday and Thursday evenings at the David Prince gymnasium.

Eight teams have entered, a total of 80 young boys, practically all of whom will be playing in their first tournament. No doubt they are thrilled at the prospects. That is perfectly natural, because keen competition and clean sportsmanship appeal to every red-blooded youngster.

Many adults, too, will find much of interest in the grade school games. There are few things more exciting than a "kid" game. With boyish abandon, the players throw heart and soul into the game. There is no stalling, no sulking, not enough science in their play to slow up action. The result is a slap-bang session, with every boy doing his level best.

This reckless fervor that enters juvenile athletics does not mean that the teams are not well coached. All of the lineups in the county tournament have had advantage of coaching from older heads. But boys' basketball is a little different from the game as played in high schools and colleges. Grade school boys are capable of playing a brand of basketball all their own.

Price of admission for the tournament has been held to a minimum. Students and adults are invited to patronize the sessions and "root" for their favorite teams.

Success of the tournament this week no doubt will mean a continuation of the event from year to year. It will give youngsters something to look forward to—championship of the county will become a coveted honor that any school will be proud to possess.

A New Pastor

Members of Salem Lutheran church today will witness the installation of Rev. H. H. Koppelman as their pastor. No doubt the services will be largely attended, and Rev. Koppelman, who comes here from Springfield, will be given a hearty welcome. The late Rev. J. G. Kuppler to the pastorate. Rev. Kuppler at his death last year was one of the oldest ministers in the city in point of service.

Rev. Koppelman comes to a church that is one of the pillars of the religious structure of the community. Many of its members are among the city's most useful and progressive citizens. The new pastor will find his parishioners more than willing to assist him in his work. His pastorate should begin auspiciously and continue in the same vein.

During the months after the former pastor's death, the church was capably served by Paul Unrath as student pastor. He will leave his work and friends here to continue his studies at Concordia seminary at St. Louis.

The community of Jacksonville and its clergy join in welcoming Rev. and Mrs. Koppelman to Salem Lutheran church, with a hope that their service here will be long and pleasant, crowned by many worth while accomplishments.

Remember The Main

Thirty-nine years ago this month there was war talk in Jacksonville. The people were aroused over the Spanish situation, much as they were in 1916 and 1917 over the German situation. In both instances, America went to war and Morgan county contributed young manhood for the conflicts.

It was 39 years ago Monday night, February 15, when the nation was shocked by the news that the U. S. S. Maine had blown up in Havana harbor while on a friendly visit to Cuba.

Two hundred and fifty-four lives were snuffed out in the first blast. Thirteen others died later of their wounds. Eighty-four shell-shocked, nerve-racked men survived the catastrophe, none of whom ever fully recovered from the dreadful horror of that moment.

The explosion occurred about 9:45 p. m., shortly after a young marine trumpeter had blown "taps." A moment before the tragedy Captain Charles D. Sigbee, who was writing at his desk in his cabin, laid down his pen to listen to the notes of the bugle which he afterwards said "were singularly beautiful in the oppressive stillness of the night."

Following the blast the whole forward part of the ship catapulted upward in a searing flame, amid the crash of the falling beams and twisted bits of debris, and the sound of shattered bodies as they fell into the sea.

In the confusion that followed, discipline was superb. Every able-bodied member of the crew did his part in rescuing those not fatally injured, even though threatening flames and minor explosions still harassed the vessel.

There were many individual acts of heroism, among them that of Private William Anthony, of the U. S. Marines, who made his way through the inky darkness of the sinking vessel to inform Captain Sigbee of the extent of the disaster. He was highly commended by both the captain and the Navy department.

The cause of the explosion was never entirely solved. It was laid at the door of Spain, but denials immediately resulted. At any rate, the sinking of the Maine and the dreadful loss of life aroused public sentiment to a boiling point, and prompted millions of voices to raise the battle cry of the Spanish-American war: "Remember the Maine!"

The "Good Old Days"

The box social and backwoods party at the Illinois College gymnasium the other night may have started something, judging from enthusiastic reports. It would not be surprising to see other similar events held here within the next few weeks.

There seems to be something about a box social that loosens the purse-strings of the handsome swains, and that is what most organizations want—a type of entertainment that not only provides wholesome amusement for the patrons, but substantial contributions to the treasury.

Many of our older readers can recall some of the happiest times of their youth spent at box socials in school houses and halls. Entertainments of another day were intensely popular; they were all the rage in the horse and buggy days, when the boys wore celluloid collars and patent leather shoes, and the young ladies had "rats" in their hair.

The box socials today are not exactly typical of the old-fashioned entertainment, being a burlesque. But some of the features have survived. The auction of the boxes, the reckless extravagance of the boy to purchase the box of food taken to the social by his best girl, remains as one of the identifying features.

As many persons know, the object of a box social is to mix up the crowd and afford merriment. If a box social were conducted "on the level," gray-haired gentlemen would be found eating the contents of the boxes with girls in their teens; the older women at the party would wind up by pairing off with some of the young bucks.

But such a state of affairs seldom exists. The girls, forty years ago and now, have a way of tipping off their boy friends concerning the appearance of the box they took to the social, down to the minute details. It may be tied with red ribbon, draped in gold paper, or have some distinguishing shape. The fellows seldom go wrong on identifying the box when it is placed on the auction block.

There have been instances in our memory, however, when the boys "two-timed" each other. Kicking in two-bits or four-bits apiece, they would take up a "pot" with which to harass some member of the company.

When a coveted box came up for sale, an enemy appeared in the ranks. He would bid and bid, running the price of the box to such a figure as to test the good judgment of the fellow who was "supposed" to get the package.

The "apple of the eye" sometimes has undergone considerable embarrassment when forced to sit beside and eat with a "traitor."

Box socials are a lot of fun. The young people of today are getting a taste of the same kind of amusement that took their parents and grandparents over muddy roads, through driving rains, snow, slush and sleet, to the country school house where those delightfully American functions held away.

State School Board

Creation of a state board of education in Illinois has been advocated by Prof. Eugene S. Lawler of the school of education at Northwestern University, as the best method of divorcing education from partisan politics.

While one of the recognized evils in modern government is too many boards and committees and investigations and directors, this board of education for the state has its strong points. It is advocated by many per-

sons who have the welfare of the schools at heart.

Illinois is one of only five states which does not have a state board of education. A recent survey in states where such boards function reveals that the school men in these states are much in favor of such boards.

It is the suggestion of Prof. Lawler that such a board would consist of nine non-salaried, non-partisan lay members, one member to be appointed each year and each member to serve nine years. The appointments, according to Lawler's plan, would be made by the governor and confirmed by the senate.

Three reasons are pointed out in support of the plan:

The board would put the employment of the staff of the state department of education on a more professional basis and tend to take the department out of partisan politics.

By virtue of its professional staff and the positions of its members, it would constitute a continuous planning body for education in the state, whose advice would be welcomed and respected by legislators.

The board would have delegated to it certain discretionary powers with regard to the administration of education such as the formulation of rules for transportation of children, minimum standards for school buildings and for the educational program.

The establishment of a state board received the endorsement of the Illinois Education association at its last convention. With various groups of educators working for the plan, it is probable that such a board will be formed within the next year or two.

An Ex-Forecaster

It will be interesting to see what happens to the motion recently introduced in the Maine legislature whereby the date of the state election would be changed from early in September to the first Tuesday after the first Monday in November.

The effect of this, of course, would be to put the state election on the same date as the national election, but as is the course in other states. This would rob Maine of its last chance to pose as "weather vane" in presidential elections. It would bring to an end the time-worn saying, "As Maine goes, so goes the nation."

One may suspect that the people of Maine will be loath to give up this distinction. The eyes of the nation are focused on Maine every presidential year. If the proposed law passes, Maine will be just one of the 48 states.

Here For You to See

How long has it been since you saw an exhibit at the Strawn Art Home? Some may answer a year, others two years, and still others, "I've never been there at all."

No one can offer much of an excuse for not viewing the many fine exhibits that are brought to the local galleries. Admission is never charged—the paintings, sketches, sculpture and other forms of art that may be seen there occasionally, are open to the public. Anyone interested is welcome to go to the art home on West College avenue and admire the displays.

Perhaps it is the ease with which the exhibits may be viewed that results in small patronage at times. Jacksonville has a number of art patrons who never miss an exhibit; many students who take advantage of the displays because it is in line with their work; but there are hundreds of other citizens who are denying themselves pleasure in not showing interest in the art exhibits.

Perhaps some of these persons have visited art centers in Chicago, St. Louis and other cities, with full appreciation of the exhibits. But because the art home treasures here are so easily available, they lose sight of the importance of the frequent showings.

At present, the Strawn Art Home has on display a collection of American and Scottish water colors, an exchange with "The American Water Color Society" and "The Royal Scottish Society of Painters."

The collection is worth while. The work of many artists is highly recognized, or it would not be included in the traveling collection. Visit the art home. Whether you are a connoisseur of art, you will find a treat to be appreciated.

THE WORLD IN A WEEK

A REVIEW

SOMETHING LIKE THE 43 round bouts between John L. Sullivan and his legion of opponents was concluded in Detroit and Flint, Michigan, this week, with the signing of a "peace" agreement involving General Motors and the United Automobile Workers.

Sit-downers in Flint had prepared a huge sign, reading—"VICTORY IS OURS"—to be used as they checked out of their impromptu resort hotels, but neither side was really concerned so much with claiming victory as in rejoicing in the end of a most disagreeable strike.

Victory really lies in the fact that such a mild adjective, "disagreeable," can be used about the incident. There

were in Flint this week all the ingredients of bloody street battles, destroyed property and loss of life. But those two forces, labor and capital, at the extremes of the social scheme, mixed and ate a humble pie without using any of these things.

There were some windows broken, rather extensive damage done to interiors where the strikers held out, day and night, for the six weeks' period, and a few bodily bruises.

The question of "who" really won the fight is lost in the personalities of the men who gathered at the conference table—John Lewis, Gov. Murphy, Knudsen, General Motors head, and others. President Green, of the American Federation, deplored the fact that Lewis had blundered and lost for labor by his C.I.O. tactics.

But next week, several hundred thousand men will go back to work at higher wages, the corporation still retains its dignity as master of its own fates, and John Lewis has emerged with less discredit than he might have attracted if the strike had erupted into violence.

According to Lewis himself, and apparent trends the steel and coal industries will write the next chapter in this saga of American labor organization.

WHEN THE UNITED Airliner plunged into the waters of San Francisco Bay Tuesday night, eleven victims brought the death toll of western plane crashes to 43 in the last 56 days.

Not even back in the days of pioneer commercial flying have officials been confronted with such consistent disaster. It is almost as if some capricious evil genie, lurking in the waters and badlands of the west, was reaching out to play with these fate-defying metal birds—and then dashing them to death and wreckage.

Even such a fantastic picture cannot rival the enormity and tragedy of the true facts. Out of the six crashes only seven persons have survived—all of these from one of the planes involved.

The toll has included millionaires, men of science, Martin Johnson, the explorer, skilled aviation experts—and honeymooners. Two children, 8 and 10, their mother already dead, had to be shown the tip of a plane sticking out of San Francisco Bay—had to be told in halting, heart-breaking sentences, "This was your Daddy's ship."

In the future of mechanical skill and perfection, when man's sole worry is the fear of boredom—historians will look back and see in these tragedies a kind of pioneering sacrifice that rivals even the covered-wagon brand. Then, these incidents will be labelled progress.

Today, there are just forty-three persons—dead. And in their places are ten times that number ready to work and experiment that mistakes and tragedies shall be fewer. Despite the shadows, this characteristic has been and always will be a guide to the brilliant history of aviation.

TEMPORARILY, AT LEAST, Mr. Roosevelt lost a number of political friends this week in the aftermath of reflection that followed his decision to issue a new model Supreme Court omnibus to accommodate the New Deal family on their projected excursions.

Senators Norris and Clark, both staunch supporters of the president, visited him in person and declared definitely that increasing the personnel of the court at this time was out of the question from their respective points of view.

The president has rejected a compromise. He has thrown aside suggestion of an amendment because a few states with organized opposition might defeat the project, and even a mighty democratic senate has issued enough "nay" statements to promise an interesting battle.

Gov. Landrum, speaking at a Lincoln Day dinner in New York, showed the appreciation of good taste when he

said simply, "...the issues raised are greater than any party. They concern the whole of us.... Upon these issues I have strong convictions, but I shall not avail myself of this occasion to discuss them further."

Such refreshing terseness, almost reminiscent of Calvin Coolidge, was outstanding in the mass of hot-headed gentlemen taking advantage of the news value of Lincoln birthday speeches to declare that the court change was or was not "right." Gov. Earl of Pennsylvania, in an address at Springfield, even suggested that Lincoln would have done the same thing—a rather wilted wreath of words to lay on the tomb of the Civil War president.

LEON TROTZKY offered to go on trial for his social sins against the Russian state this week from his exiled refuge in Mexico, and in so doing created something of a furore.

A throng in New York City was waiting to hear his voice over long distance telephone with the message. In Mexico City something went wrong with the wires. His words were read from a manuscript provided against such an occurrence.

Rather plain evidence was forthcoming that the wire trouble was no accident, and that certain persons had it as their mission to see that Mr. Trotzky had as much difficulty as possible in making his plea of innocence.

Orders in Russia are, at present, to shoot him down without question the minute he steps foot on Soviet soil.

OLD NIZAM—Nizam of Hyderabad, Indian ruler with millions to the tune of more than two billions of dollars, rode happily Saturday in his 1911 Rolls-Royce to receive the acclaim of those representing his 14,500,000 subjects.

He has a number of autos, but he likes this one best, so he hung gold and silver ornaments from it and set a golden dome in the center.

And why was he happy? Because one of the last acts of King Edward VIII was to settle an old land dispute that gave him another title, "His highness, Prince of Benar."

OTHER NEWS OF THE WEEK ... Congress passes \$950,000,000 relief and deficiency bill.... Wallace proposes compulsory farm control broad as the AAA.... AFTER SIX WEEKS OF SITTING DOWN

The Family Doctor

Meningitis Caused by Tuberculosis, Pneumonia Germ Is Often Fatal

BY DR. MORRIS FISHBEIN
Editor, Journal of the American Medical Association, and of Hygeia, the Health Magazine

The spinal cord and the brain are surrounded with envelopes of tissue known as meninges. When these become infected or inflamed, due usually to invasion by various types of germs, the afflicted person develops meningitis, which means an inflammation of the meninges.

There are various types of meningitis, depending on the germ responsible. If it happens to be the germ of tuberculosis, the condition is tuberculous meningitis. The pneumonia germ causes pneumococcus meningitis, and streptococci brings on streptococcal meningitis. Each of these conditions must be treated according to the nature of the infection.

The diagnosis usually is made by puncturing the spinal cord with a needle developed particularly for this purpose, and withdrawing some of the fluid for examination. In this fluid, the germs which cause the infection are found.

Certain forms of meningitis are almost invariably fatal. This applies particularly to the tuberculous and pneumococcus types.

The type of meningitis which is most common, however, is that due to a special germ known as meningococcus. It is this germ that most frequently affects the envelopes of the spinal cord. This is the organism sought when meningitis occurs in epidemic form. The condition sometimes is called cerebro-spinal fever.

Since it was first described, meningitis has gradually appeared all over the world and is probably affecting more people steadily.

During the World war all armies were attacked to some extent by this condition. New York had a severe epidemic in

1904-05 in which there were 2765 cases, with 2026 deaths. The most recent severe outbreak in the United States occurred between 1928 and 1930.

It is well established that germs which cause meningitis enter the human body through the nose and throat. They then pass either by way of the blood, or directly by way of the nose, to the tissues which envelop the brain and the spinal cord.

The germ, of course, is passed from one person to another as are other germs, and occasionally by indirect contact with articles soiled by discharges from the nose and mouth of those who are sick.

Contamination of finger nails, dishes, pipes, handkerchiefs, toys, and other objects by persons who have the meningococcus in their noses and throats, may lead to indirect transmission.

The germs may be carried in the nose and throat from two to ten days before the person comes down with the disease. During this time, he may spread the disease to others although apparently not sick himself.

The symptoms of this disease are, of course, related to the manner in which it infects the body. During the period of invasion there are the usual sore throat, dullness, fever, chills, rapid pulse and general soreness that are associated with most infectious diseases. Quite frequently a rash of red spots the size of a pin-point or larger will appear over the body.

In the stage when the infection has spread to the nervous system, patients have severe pain and burning headache, vomiting, and even delirium and convulsions.

Tom Stice Marries Miss Loetta Leitze

Wedding Ceremony is Held
at Winchester; Other News
from Glasgow

Glasgow, Feb. 13. — Miss Loetta Leitze, daughter of Mr. and Mrs. John F. S. Leitze of Glasgow, and Tom Stice, son of Mr. and Mrs. A. L. Stice, near Alsey, were quietly married in Winchester Sunday afternoon. The ceremony was performed by Rev. P. V. Wright, pastor of the First Baptist church in that city.

The couple were accompanied by Miss Janice Stice, cousin of the groom,

and Lloyd Christenson of Winchester. Following the ceremony the newlyweds left for Alton, where they will reside, as he has employment in the steel mills there. They are both popular and well known here, and they have the best wishes of the entire community for a happy married life.

Entertains in Home
Mr. and Mrs. Alsey Smith entertained in their home here Saturday evening; Mr. and Mrs. Hardin Young, son Charles, Mr. and Mrs. Fred Vaughn, Mrs. Jessie Butzback of Winchester, Mr. and Mrs. Chas. Roper, Mr. and Mrs. Alex Young, Mr. and Mrs. Wilbur Young, Mr. and Mrs. Cloyd Drake, Mr. and Mrs. W. E. Overton, Mr. and Mrs. Joe Sanderson, daughter, Suzann, Mr. and Mrs. Clarence Adams, Mr. and Mrs. Clarence Wilson.

Enters U. of I.
Paul Drake, son of Mr. and Mrs. Cloyd Drake, living west of Glasgow, left Monday for Urbana, where he will reenter the University of Illinois to resume his studies during the second semester.

Glasgow Personals
Worth Greeley accompanied his daughter, Mrs. Vivian Mann to her home in Jacksonville Friday, where they spent the week end, returning here Sunday afternoon. Mrs. Mann is

teaching in the Sugar Grove school, northwest of Glasgow.

Dr. W. H. Garrison of White Hall was a professional caller in Glasgow Sunday afternoon.

J. A. Leitze of Jacksonville was here the latter part of last week, visiting his mother, Mrs. Belle Leitze.

Those entertained in the home of Mr. and Mrs. Harry Young Sunday were Rev. Garfield Rodgers and wife of Manchester, Mrs. Kate Peterson, Miss Mildred McEvers and W. S. Wilson.

Miss Geraldine Garrison is a visitor this week with her grandmother, Mrs. Clara Garrison and other relatives in Concord.

Mr. and Mrs. Grant Wishon, east of Alsey, are the parents of a baby girl, born Thursday, Feb. 4th. Mrs. Wishon was formerly Miss Dora Louise Drummond, daughter of Mr. and Mrs. Bert Drummond of Glasgow. Her mother has been staying in the Wishon home the past week.

The flu epidemic has been invading quite a number of homes in this vicinity lately, but none of the cases are seemingly serious.

WOMAN'S CLUB OF CHANDLERVILLE TO MEET NEXT MONDAY

Chandlerville, Feb. 13.—The Chandlerville Woman's club will meet on Monday Feb. 15 at 7:15 at the Congregational church rooms Mrs. Jephtha Armstrong will preside at the business session opening the meeting. Essay Contest for Rural Young People

Themes Will Be Concerned
with Information on
1937 Calendar

Farm boys and girls of Morgan county will welcome the announcement of an essay contest made Saturday by Farm Adviser W. F. Coolidge. The essays are to be based on information found in the Farm Bureau calendar for 1937. Copies of the calendar will be sent to the rural schools, where they will be available, and all Farm Bureau members have them in their homes.

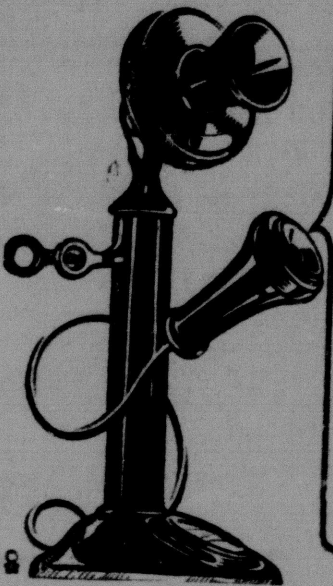

Entrants in the contest must be under 18 years of age. Their parents must be actively engaged in farming. Essays must not exceed 400 words in length, and must be in the hands of judges at the Farm Bureau office by April 5. The rules are simple enough, and any farm boy or girl may enter the contest.

The calendar is a 12-page souvenir of giant size, printed in colors. On each monthly page is a picture and reading matter explaining some phase of Farm Bureau activities and setting forth the advantages of membership in the organization. It is upon these pictures and descriptions that the contestants will base their essays.

Martin Johnson's Camera Snaps Wife In Housekeeping Mood on Last Safari

Martin Johnson's life that ended so tragically as the result of an airplane crash on a lonely snow-covered mountainside near Los Angeles on Jan. 12, though full of adventure was an extremely happy one because of the enjoyment he and his wife derived from their experiences while making motion pictures of wild life in the tropics. One of Mrs. Johnson's functions on these trips was to make life home-like and comfortable no matter how far away from civilization their camp might be.

The above photograph, taken by Mr. Johnson toward the end of the expedition in Borneo, where they spent most of last year in the jungles, shows Mrs. Johnson in a characteristic scene. The Johnsons lived on a bamboo raft that was moved up and down the Kinabatangan River, where the climate is said to be the hottest in the world. Strange as it may seem, modern refrigeration played a big role in the Borneo expedition. Two Servel Electrolux refrigerators (operated with kerosene) were part of the scientific equipment of the expedition. One of these was installed on the back veranda of the raft. Without the refrigerators, the Johnsons could not have withstood the heat of the jungles, they stated upon their return from Borneo.

Mrs. Johnson is telling the little jungle maiden what they do with fruit and vegetables in America and how good the big pineapple will be when it gets cold. The small native boy is laughing at Mr. Johnson's antics in manipulating his motion picture camera.

Beardstown Man Held Under Bond On Assault Charge

June Wayman Arraigned in J.P. Court; Other News from Virginia

Virginia, Feb. 13.—June Wayman of Beardstown was placed under a \$4,000 bond and bound over to the grand jury of the March term of circuit court at a hearing held before

Justice of the Peace Elijah Needham in this city Thursday afternoon. Wayman was charged with "assault with intent to kill." He was arrested after an argument at the Country Club, in which he is alleged to have knifed Floyd Hobson, Carl Yeakel and Ralph Davis of Meredosia on the night of December 21, 1936. Hobson was seriously wounded and was in the hospital 45 days. Yeakel was also confined to the hospital for several weeks, but Davis was not injured.

The case was to have been tried before Police Magistrate Roland B. Rohrer of Beardstown, but defense attorneys secured a change of venue to the court of Justice Carl Rodenkamp. Because the change of venue was obtained without the presence of

the defendant or State's Attorney Colburn, the state refused to proceed with the case on the grounds that the venue had not been properly secured. Justice Rodenkamp dismissed the case and discharged Wayman, but he was rearrested on a warrant secured through Justice of the Peace Needham and the hearing was held in the circuit court room in this city.

News Notes.
Mrs. Eva Brannan, teacher of the Springer school east of this city, is recovering from an attack of flu which has kept her from her duties the past two weeks.

Clyde Cooper, who is stationed at Jefferson Barracks, is here for a visit with his mother, Mrs. John Cooper. Bill Bone of Petersburg, for many years a popular lecturer, gave an interesting talk on "Lincoln" before the student body in the high school auditorium Friday morning.

The losing team in a recent membership drive of the American Legion, which was captained by J. H. Massie, entertained the winning team and their captain, Wm. Looker, at a banquet at the Legion hall Thursday evening. The members were entertained in various ways following the banquet.

Among those from this city attending funeral services for H. C. Strubling at Ashland Friday afternoon were Mr. and Mrs. Robert Strubling, Mrs. Robert Strubling, Mr. and Mrs. Horace Virgin, J. W. Virgin, Mr. and Mrs. Fred Savage, Dr. and Mrs. D. A. Yowell and family, C. A. Gridley, Henry McDonald, Mrs. Sue Lancaster and Miss Iva, Mr. and Mrs. George Aldridge.

Following the services at the home near Ashland, the remains were brought to this city for interment in Walnut Ridge cemetery.

Mr. Strubling was born near this city, the son of the late Mr. and Mrs.

I. M. Strubling, pioneer residents.

A large and enthusiastic audience was present Thursday evening at the high school gymnasium to witness the basketball game between the team composed of faculty members and a team picked from Kiwanis members. It was a fast game with the faculty leading, but at the end the game resulted in a tie, the score being 23 to 23.

Friends here have received announcement of the birth of a daughter to Mr. and Mrs. Emil Dawson of Beardstown. This is the third child, all girls. Mrs. Dawson was formerly Miss Christine Davis, daughter of Mr. and Mrs. J. G. Davis of this city.

FORMER LOCAL WOMAN TO GIVE BROADCAST

Friends in the city have received word that Mrs. Lois Baptiste Harsch of Peoria, formerly of Jacksonville, will broadcast from the Peoria station on March 8 at 9 o'clock.

Mrs. Harsch is one of the most brilliant pianists in the state, having won in state wide contests in Illinois, and in St. Louis. She is a graduate of the College of Music, MacMurray College, and since her graduation has steadily gained acclaim in her professional work.

NAPLES

Leo Little was in Jacksonville Wednesday.

Homer Cannon of Joliet was transferred to Jacksonville CCG and spent several days here with his parents.

Miss Doris Green and Truman Scott visited with Mrs. Margaret Hatfield and children recently.

Mrs. Rena Moore is visiting her daughter, Mrs. Wallie Elviage in St. Louis.

Morton Abbott and Cecil Pryor enjoyed the basketball game in Bluffs Tuesday.

John Savoie made a business trip to St. Louis Tuesday.

Mr. and Mrs. Elmer Gregory of Peoria arrived home Monday.

John Hartman and John Savoie were Beardstown callers Wednesday.

Miss Lydia Little spent Tuesday with her sister, Mrs. Gus Nortrup in Meredosia.

Harlin Little, C. E. Baumgardner, Raymond Davis and Earl Little were Jacksonville callers Tuesday.

Edward Gregory, son, Elmer and John Gobel were business visitors in Winchester Monday.

Mrs. A. M. Keener and daughter, Edith K. Green were Meredosia visitors Thursday.

Mr. and Mrs. Arthur Lenord and infant of Decatur were callers here Friday.

Mrs. Millie Bagby and Mrs. Caroline Hatfield attended the Rebekah lodge in Bluffs Wednesday.

GREENE VETERANS HONOR COMRADE AT FAREWELL PARTY

Carrollton, Ill., Feb. 13.—Carrollton Post No. 114 American Legion sponsored a "Slum Supper" and farewell party for Dan Weir a member, in Legion Hall Thursday evening. A number of new members were taken into the post at the business meeting.

After the supper the commander, Dr. Fred Walter on behalf of the post presented Weir a gold watch fob which was set with a large diamond. Several addresses were made and a social program rendered.

Mr. and Mrs. Dan Weir who have resided here for the past several years are moving to Peoria about March 1. Mr. Weir has been district manager for the Blue Ribbon Food Products Co. for some time and has been transferred to the Peoria district. He is being succeeded by Tunis Craig, Peoria, Ill., who has been a district manager for the company on the Rock Island, Moline, Davenport district.

News Notes.
Mrs. Lyle D. Stone, Mrs. Charles Eldred, Mrs. A. K. Baldwin and Miss Helen Duncan were hostesses Tuesday at a Valentine party at the home of Mrs. Stone. The guests were members of Class No. 3 of the Presbyterian Sunday school.

Former Resident Of Bluffs Dies In Mulvane, Kas.

Mrs. Lydia Burrus Crammer Succumbs; Other News from Bluffs

Bluffs, Feb. 13.—Relatives here received word Thursday of the death of Mrs. Lydia Burrus Crammer who died at 10 o'clock Wednesday night of bronchial pneumonia at her home in Mulvane, Kansas. Mrs. Crammer was born and raised in this community, but has made her home in Kansas for quite a number of years. She is survived by her husband; two sisters, Mrs. George Howard of Mulvane, Kansas, and Mrs. Ella McCaleb of Bluffs; two brothers, George Burrus and P. C. Burrus of Bluffs. Two sisters, Mrs. Julia Kilpatrick and Mrs. Sadie Vannier preceded her in death. Funeral services and interment will be Saturday in Mulvane, Kansas.

News Notes.
Mr. and Mrs. Bernard Brown of Cleveland, Ohio, are visiting at the home of Mrs. Fannie Brown.

Mr. and Mrs. Clarence McCaleb left Thursday for a visit in Stuart, Florida.

Mrs. Ella McCaleb and daughter Vera were Jacksonville visitors Friday.

Among those from Bluffs who attended a dance in Winchester Thursday sponsored by the Rural Youth Association were: Mildred Andres, Jane Durham, Emma Ruth Hodgson, Mardell Beeley, Ruth Anna Baird, Charles Williams, Donald Moore, Edward Comfort, Augusta Sloper, Imogene Newberry, Eleanor Andres, Eugene Newberry, Earl Albers, Robert Albers, Russell Brockhouse, Evelyn Placke, Jane Krusa, Mildred Krusa, Mrs. Minnie Baird and James Monta.

Among those from Bluffs who attended the funeral of Mrs. Lillian Rolf at Exeter Thursday were: Mrs. Minnie Baird, Mrs. Elizabeth Six, Mrs. Raymond Robinson, Mrs. Lee Baird, Mrs. Esther Phillips, Mr. and Mrs. Carl Arnold, Mr. and Mrs. Lyle Hubbard, Mrs. Jennie Hatfield, Miss Mable Green, George Smith, Mr. and Mrs. Charles Krusa, Mrs. Jessie Bailey and son Charles, Ernest Apple, Mrs. Johanna Vannier and daughter Cora and Mr. and Mrs. Frank Bosse.

F. F. A. HOLDS MEET

The third monthly meeting of the Arenzville F. F. A. Chapter was held Feb. 10th at the Arenzville High school.

The roll call showed only one absent after a business meeting the green hand degree was awarded to the following members: Robert Witte, Lloyd Schone, Clarence Greely, Percy Hamm, George Nichol, Robert Branner, James Fisher, Robert Kircher, Herbert Kleinschmidt, Paul Nergenh, John Rogge, Alvin Paul and Albert Swanmeyer.

Several games were played before refreshments were served.

The next meeting will be held March 2, 1937.

If printed by the Journal-Courier Co., or sale is advertised in the Journal and Courier, the date will be listed free for ten days previous to event, under "Dates of Coming Events."

Announce County Extension Program Building Personnel

University Dean Makes Many Appointments to Group for Second Year

Dean H. W. Mumford of the College of Agriculture of the University of Illinois has announced the personnel of the Morgan County Extension Program Building committee for the coming year. The group will meet in the near future to organize and get started on its work. This will be the second year for the committee.

Its purpose is to serve in an advisory capacity. Its chief duties include recommendation of an extension program for the county. The program should meet the needs of the county as revealed by a thorough study and careful analysis of the data available.

The committee is also to encourage more interest and participation by farm people in the study and group discussion of problems affecting their welfare.

The personnel of the county committee announced by Dean Mumford is as follows: Mrs. David Reynolds, Frank J. Heintz, Rev. Charles A. Englund, Charles R. Gibson, Miss Minnie Snyder, Harold Hembrough, Everett G. Reynolds, Mrs. Roy Davenport, John Merrigan, Mrs. A. L. Davis, E. E. Hart, Wallace Hembrough, J. H. Loomis, William Randall, Wilbur Reid, Rev. W. A. Richards, Carl Robinson, and E. C. Rutherford.

Extracts from the letter received by members of the committee notifying them of their appointment indicate the nature of its work.

"We realize that it is to public-spirited people that agriculture must look for leadership and assistance. We also realize that such people are called upon to bear a heavy burden of responsibility and expend a great deal of energy for which perhaps they receive no direct reward. During the coming year we hope to reduce the calls upon your time for service on this committee to a minimum, consistent with a thorough study of current developments that might lead you to suggest revision or amplification of the county extension programs."

"While serving the farm people of your county I hope you derived some benefit from the contacts you made and the information you obtained from the study of the conditions in your county. At any rate you have the satisfaction of knowing you have been of service to your fellows."

"In cases where the committee may wish to pursue some investigation or correct some situation in the county which may not properly be undertaken by the Extension Service because of limitations set by the act creating the Extension Service, the committee should feel free to contact the agencies that have jurisdiction and can be helpful in improving conditions."

"Your committee will be called together some time early in the year at which time the tasks before the committee will be given further consideration."

Aledo Man Selected As Treasurer of P.C.A. of This City

Dallas P. Brown Named to Carry on Work in Local Office

The Jacksonville Production Credit Association is to have a new secretary-treasurer. This farmers' cooperative short time credit institution, which is a part of the Farm Credit Administration, was chartered in December, 1934, and has been serving

the farmers of this community for three years. M. M. Want, the secretary-treasurer of the Morgan County National Farm Loan Association, has also been the secretary-treasurer of the Production Credit Association from the time of its organization. For more than a year Mr. Want has felt that the responsibilities and work of managing the two organizations was more than one man ought to carry. Before the annual meeting in 1936, he asked that he be relieved of the work of the Production Credit Association, but those interested insisted on his remaining for a time longer. During the last year, the association has grown rapidly and its work has become much heavier. It has proved its usefulness and become established in the community as the farmers' agent for short time credit at cost. At the recent annual meeting, when Mr. Want made his annual report, he called attention to the fact

that the work of the association demanded the full time of a secretary-treasurer if its interests were to be served and asked again to be relieved and that a full time man be employed. For the past year the management has been looking for a man to fill this place and at the directors' meeting following the annual meeting, the board of directors elected Dallas P. Brown of Aledo, Illinois, to take the full time position of secretary-treasurer to begin his work February 15.

Mr. Brown is a native of Mercer county, reared in a rural community, a graduate of Monmouth College and the Gem City Business College. For the last six years he has managed a loan business to farmers and comes here from the management of the Dakota Livestock Loan company of Aledo, Illinois, a business very similar to that of the Production Credit association.

Mr. Brown is a married man and has three children. His family will join him in Jacksonville as soon as he can find a suitable location.

W. H. Franz retains his position of assistant secretary-treasurer and bookkeeper, and Ira P. Story, the position of appraiser for the association.

The board of directors are: Frank Rockwood, prominent Farm Bureau man of Scott county, Bluffs; John Behrens, president of the Farm Bureau of Menard county and president of the Menard County Farm Loan Association, Greenville; Lorenzo Burrus, prominent farmer of Cass county, and brother to the Burrus brothers of this county, prominent farmers and in Farm Bureau work; Allen Smith, prominent farmer and Farm Bureau officer, and Fred Moeller, prominent farmer and Farm Bureau man, both of Morgan county.

Frank Rockwood is the president of the association, having held this position since the organization of the association. Allen Smith is the vice-president. Mr. Rockwood, Mr. Smith, Mr. Behrens and the secretary-treasurer, Mr. Brown, constitute the executive and loan committee.

Harold C. Hiett, secretary-treasurer of the Menard County National Farm Loan Association, acts as correspondent and appraiser for Menard county with offices in the Farm Bureau building at Petersburg. The association serves the farmers of Morgan, Scott, Cass and Menard counties.

Jersey County Man Found Dead in Bed

Anthony T. Jennings Dies at Home of Son with Apoplexy Attack

Jerseyville.—Anthony Thomas Jennings, retired farmer of the Delhi vicinity was found dead in bed at seven o'clock Friday morning, Feb. 12 at the home of his son, Charles Jennings in Elsie Township. An inquest was conducted by Coroner H. H. Seely at the Jennings Brothers Undertaking establishment in Jerseyville and the cause of death was given as apoplexy.

The deceased had been in poor health recently but had not been under the care of a physician. Relatives heard him coughing at six o'clock Friday morning and when his son went to his room at seven o'clock he found his father dead.

Jennings was born in Jersey county and spent his entire life here. He was the son of John and Catherine Walsh Jennings and at the time of his death was aged seventy years, four months and three days.

Surviving the deceased are three sons, Lavender of Jerseyville; Charles of Elsie Township and Hayden, of Godfrey; one daughter, Mrs. Clarence Patrick of Alton; one brother, John Jennings of Jersey county; and two sisters, Mrs. Warren Wright of Alton and Mrs. Clarence Nicks of East St. Louis.

Make 1,000 Garments

During the past three weeks the Jersey County Sewing project has produced nearly a thousand garments which have been sent to the flood area. These garments were all made by six women on the project and the material used was of heavy winter cloth.

Included in the articles made were: 42 women's dresses; 70 women's bloomers; 40 women's night gowns; 34 girl's dresses; 110 boys' shirts; 6 boys' pajamas; 9 boys' coveralls; 18 infants' dresses; 6 wash suits; 32 baby sleepers; 500 diapers; 36 sheets; 24 bed ticks; 60 pillow ticks, making a total of 987 garments.

Plan School Paper

The English department of the Jersey Township high school is sponsoring the publication of the "J Clipper" a magazine embodying creative writing and drawing by the student body. The purpose of the publication which will appear this spring, is to encourage the young writers and artists in their creative work, and the magazine will be published at the cost of editing it. All work is to be done by the students including typing, cutting the stencils and running off the copies on the mimeograph. This part of the work will be supervised by the commercial department.

Two students from each class have been selected for the staff. They are as follows: Senior, Hester Felix and Percival Hamilton; Juniors, Helen Harmon and Dwight Cope; Sophomores, Roberta Beach and Floyd Hennighan; Freshmen, Marguerite Howell and Shirley McNeill; Typists, Iris Ingersall and Helen Klunk.

ROODHOUSE

Roodhouse.—Mr. and Mrs. Major Gilmore have received word of the critical illness of their grand-daughter, Joan Scoby, daughter of Mr. and Mrs. Ralph Scoby of Syracuse, New York. Mrs. Scoby was formerly Alice Gilmore. Miss Jane Gilmore and Mrs. Kenneth Davis of White Hall, sisters of Mrs. Scoby left for New York to be with them.

Mrs. Charles Hannaford is ill with pneumonia.

Lowell Reeve and J. B. Tipps attended a meeting of the General Electric Corporation in St. Louis, Mo., last week.

Mrs. Ward Sowers is ill at her home with the influenza.

Mrs. William Worcester returned to her home Wednesday after a week's treatment at the Passavant hospital in Jacksonville.

Mrs. C. W. Jones was hostess to the Contract Bridge club Monday evening. Mrs. Margaret Snead won high score and Mrs. Maude Plahn consolation.

Mrs. H. W. Smith entertained four tables of bridge at her home recently with a six o'clock dinner. Mrs. Alice Smith won guest prize, Mrs. L. A. Crause won floating prize and Mrs. C. F. Moulton, high score. Mrs. N. J. Bucklin will entertain the Wednesday Bridge club on February 24.

Dr. L. A. Rawlins is ill following a heart attack and will be confined to his home for some time.

GUEST SPEAKER

President C. P. McClelland of MacMurray College will be the guest speaker today at the morning service of Macomb M. E. church. The occasion is the fortieth anniversary of the erection of the church building.

Johnisee Funeral Is Held in Greene

Services are Conducted Friday Afternoon; Other News from Greene

Carrollton, Ill., Feb. 13.—Funeral services for Richard Samuel Johnisee, age 78, were held at 2 p. m. Friday in the Pentecostal tabernacle. The body was placed in the Carrollton Mausoleum temporarily. The interment is to be made in the Mt. Gilead cemetery, but as the roads to the cemetery are almost impassable at present, the burial will be made at a later date.

Richard S. Johnisee died at the family home Wednesday at 3:30 p. m. after a short illness. Decedent was born in Eldred, December 17, 1858. He was united in marriage October 30, 1891, to Miss Winnie Hardwick, who survives. He is also survived by three daughters, Mrs. Mary Seward, Payson; Mrs. Selma Carter, Mrs. Lena Carter, Carrollton; one brother Edgar Johnisee, Carrollton, and one sister, Mrs. George Barnes, Alton. A grandson, Ben Earley, whom Mr. and Mrs. Johnisee reared, and who is in service at Fort Sheridan, Ill., arrived here Thursday for the services. Mr. Johnisee came to this city 18 years ago and has lived here since. For a number of years he was sexton of the Carrollton city cemetery.

News Notes

Members of the Philathea class of the Baptist Sunday school were entertained Monday night at a Valentine party at the home of Mrs. Charles Bishop, Mrs. Leland Chinoweth and Mrs. George Andrews were assisting.

HOW MUCH DOES THE TELEPHONE SAVE?

It is easy to figure how much a telephone COSTS—it is not easy to reckon how much it saves.

A single telephone call may save a life—brighten a friendship or a day—sell a bill of goods or land a job.

One telephone call may be worth more to you than the cost of the service for months and years to come.

The telephone saves you priceless hours of time each week—spares your trips through snow and storm these uncertain winter days.

Without moving from the warmth and comfort of your own fireside, you are in touch with stores and friends and office—by telephone.

The cost is but a few cents a day. In return, the telephone offers you increasing measure of security, convenience, happiness and achievement.

WHAT ARE VITAMINS?

A Short Course Continued.

There are seven known Vitamins as we have told and their main functions or uses are briefly:

A—Promotes growth.

B—Helps nerves—appetite.

C—Conserves germs—teeth.

D—Builds bones—stops rickets.

E—Assists in reproduction.

F—Beautifies skin, hair, nails.

G—Helps skin disorders.

WHO NEED VITAMINS

People susceptible to colds.

People with poor teeth.

People with poor complexion.

Nervous and run down people.

Athletes, Barbers, Expectant and nursing mothers, growing children.

HOW TO GET VITAMINS

A is found in certain fish oils.

B found in certain yeast, liver, and wheat germ extract.

C is in tomato, orange and other fruit juices.

D same as A supplemented with Dicalcium Phosphate Comp.

E found in wheat germ oil.

F is found in certain cosmetic products.

G same as B.

To be Continued.

Pairings Made For Journal And Courier Grade School Tournament; Opens Tuesday

Eight teams, a perfect draw, all set to get away in the first annual Journal and Courier Morgan County Grade School championship basketball tournament Tuesday night. Pairings for the first round were made Saturday afternoon at 2:45 p. m. and the time schedule was arranged in a conference of officials who will be in charge of the three day meeting.

South Jacksonville and Murrayville drew the opening assignments, and the first round will begin at 6:30 p. m. Games will be run off on a schedule of 30 minutes, if possible, and things will be kept moving all the time so that the customers will have plenty of action.

Fate pitted the South Jacksonville and Murrayville boys together in the opening tussle. Miss Jane Wright, coach of the South Jacksonville team, hailed from Murrayville, and is just as well acquainted with the boys on the Murrayville team as she is with her own boys. Murrayville, under the direction of J. L. Conant, who is serving his first year as coach there, has a small team, but every basketball fan realizes that boys in Murrayville begin dribbling and shooting almost with his first toddling steps.

St. Pats meet Waverly
St. Patrick's parochial school eagles of this city will tangle on Waverly in the second game of the evening card, slated to get underway at 7:30 p. m. Waverly has an outstanding ball team, and one that will make the local parochials step their fastest. There are two boys on the Waverly team who are near their 16th birthday anniversary, and their height promises to be one of the things the St. Pats' lads will have to contend with through the game.

Chapin and Woodson will meet in the third game of the tournament, slated for 8:10 p. m. and this game promises more than the usual amount of action. Chapin has a gymnasium, but the Woodson lads have had to do all of their practicing this winter either outdoors on a clay-court, or at Murrayville, just a few miles down the road.

David Prince Plays Franklin
The final game of the opening evening's card will be played between David Prince and Franklin, and this game, likewise, is expected to produce some sustained thrills. David Prince has played some good basketball this winter, their ball club turned in some good earlier last year.
Freeman Hopper, who will serve as official scorer during the tournament, held the hat into which the names of the eight competing teams had been dropped, and Frank Walker, athletic director at Jacksonville High school drew the names from the hat. South Jacksonville was the first name to come out, and Murrayville was the second.

Semi-finals Wednesday
Semi-finals will be played between the winners of the first round games on Wednesday night, beginning at 7:30 p. m. The losers in the semi-final round will come back for the consolation game Thursday night at 7:30, and the winners will meet for the championship Thursday night at 8:30 p. m.

Trophies are expected here the first of the week and will be placed on display. There is a 22 1/2 inch trophy for the champion, a 16 1/2 inch trophy for the winner of second place, and the tournament basketball, a Bailey and Himes ZLB will be given to the winners of the consolation game.

Eddie Brennan and Bob Albrecht, who have been officiating for grade school, and high school preliminary games for a number of years, have been retained to officiate during the sessions of the tournament. They were selected because of their experience with grade school teams, and because of the satisfaction they have given wherever they have worked.

Admission to all sessions of the tournament will be 25 cents for adults and 10 cents for school children.

Illini Win From Chicago U. 34-26

Sixth Straight For Winners, Ninth Successive Loss For Maroons

Chicago, Feb. 13.—(P)—Illinois won its sixth straight Big Ten basketball game in seven starts tonight, defeating Chicago's hapless Maroons 34 to 26. It was Chicago's ninth straight defeat of the season.

The first half was closely contested, with both clubs playing good defensive basketball, but at the intermission point Illinois held a 16 to 10 margin.

In the opening minutes of the second period the Maroons staged a rally which pulled them up to within two points of the victors, 20-21, but the Illini, with Harry Combes playing brilliantly, soon pulled away.

Combes, in addition to scoring 19 points on eight baskets and three free throws, played a steady defensive game. He was the standout player on the court. The victory lightened Illinois' hold on the conference lead.

Chapin noses out South Jacks 9 to 8
Chapin grade school basketball players nosed out South Jacksonville 9 to 8 in a basketball game played on the Illinois College floor Saturday morning.

The defeat was the third of the season for the South Jacksonville quintet, and all of the games have been lost by one point. The South Jacksonville team has won eight games.

The ashes of burnt paper money can be identified and redeemed.

Change Places For "Y" League Games During This Week

Grade School Tourney at David Prince; to Use Liberty Hall Floor

It has been necessary to change, somewhat, the playing arrangements for the Y. M. C. A. Basketball Leagues this week, because of the County Grade School Tournament which is to be played in the David Prince gymnasium on next Tuesday, Wednesday and Thursday.

The games scheduled for Monday will be played in the David Prince gym, as scheduled; i. e. at 7:10—Liberty Boys will meet Mac's Clothers, at 8:00 Lukeman Clothers will play Brown's Business College, and at 8:30 the I. C. Freshmen and Smith's Indians will tangle.

The Wednesday night games will be played in Liberty Hall, 424 East Court street instead of at the D. P. County gym. The games will start with a tilt between the I. C. Freshmen and Lukeman Clothers at 7:10; at 8:00 the game will be between Liberty Boys and Smith's Indians; and at 8:30 the Business Collegians will battle Mac's Clothers.

The "E" League games, which were scheduled for Tuesday evening, will be played on Thursday instead, and at the Liberty Hall gymnasium. These games will include one between the Sturdy Grocers of Lynnville and Klumps Ollers at 7:10; Larson's Cleaners will meet the C. C. C. Boys at 8:00; and at 8:30 the H. S. Crimsons and Weyand Shoe Workers compete.

Volley Ball Leagues will play their games according to schedule. The women's groups will meet on Wednesday evening in the Washington School gym, starting at 7 o'clock. As most of these players are inexperienced in the game, newcomers who might like to join in the activity will not be at any great disadvantage, and are cordially invited.

In the Men's Volley Ball, on Tuesday the Piggly Wiggly team will meet the Grace M. E. men at 7:10 and at 8:00 A. & P. Employees and I. O. O. F. Lodge men clash. On Thursday at 7:10 the Christian Church team and Kiwanis play one another, and at 8:00 C. C. C. Officers and Rotarians.

"LAMP GOES OUT" was the title of an hilarious comedy pantomime presented by four Illinois College football players, turned dramatists, and therefore members of the intelligentia Friday night at the box social and barn dance for the benefit of the baseball team's southern trip.

Gale McWard, 230 pound tackle, was the leading lady, Al "Knee High" Lambako, 5 foot 6 inch quarterback, was the leading man, Gerald Keeley, goal kicker, and Ira Clark, baseball catcher, had other parts. Glenn Freeman was the interlocutor, and the pantomime left the audience in stitches.

ARTHUR YATES, a member of the basketball team from Johnston City which went to the state tournament last year, has entered Illinois College for the second semester after spending his first at Washington University in St. Louis.

Brevi, another Johnston City lad who went to Washington U., dropped out at the end of the first half of the year. And according to Yates there were a lot of other freshmen who decided to cast their lots elsewhere.

Rockets roared and Comets flashed over the Liberty Hall court Saturday night and when the hissing and flashing was all over the Roaring Rockets from Routt high had notched a 30 to 21 victory over the Chandlerville Comets. The Rocket reserves also slammed the Chandlerville reserves in the curtain raiser 22 to 11.

Touched off with a 10 to 5 lead in the first period, the Rockets, who hit the victory trail this week when they thumped McCooey high of Hannibal snapped and crackled with fireworks as they chased the Comets backward.

Routt drove forward with such vigor that they were out in front 19 to 9 at the end of the first half, and then set up a tight defense to stop the shattering thrusts of the Comets during the third period, which wound up with a 24 to 13 score.

Reserves took over part of the work in the last period, and all of them were in at the finish as the Rockets clinched the argument with a seven point burst.

Bernard Shanahan matched the speed of the Comets by pitching in 11 points to lead the scoring, while Deitsch, Comet guard, collected seven points to lead his team.

FAN BREEZES
By Ernest Savage

ALL SET for the county grade school championship basketball tournament?.....Just ask that bunch of youngsters how they feel about it.Everyone of them feels that his team is good enough right now to knock off some of the high school teams.

REGULAR tournament rules will be followed.Quarters for the youngsters will be six minutes instead of eight.Rest periods between quarters, we understand are two minutes instead of one allotted to high school teams.Time out periods are one minute, the same as high school periods, but the youngsters don't feel that they'll need 'em.

CHECKING on the number of decisions an official is required to make in a basketball game, M. G. Moore, Milton school chief, found that in a game the other night, the official had to make 300 decisions during the 32 minutes of play.And in this ball game the ball was withheld from play for several minutes.Comments Moore—Glory Be, should we complain when the tooter makes even as many as 30 mistakes in a game? He still has a grade of 90 percent.

CLAYTON'S district tournament is going to be run off in spasms, J. M. Hollowell, of this city, who has been assigned as one of the officials, has discovered.There will be one game Wednesday night, Feb. 24, but some one has rented the opera house, or community center as it is known in these days, for a moving picture show on Thursday night, and there will be no games that night.There will be two more games Friday night and two Saturday night.There are only five teams in the tournament.

Jacksonville high's Crimsons went out on a scoring rampage Saturday night on the David Prince court, running wild against Waverly to run up a 54 to 19 score after the freshmen and sophomore team opened the evening with a 23 to 14 victory, over the Waverly reserves.

Scarcely putting their feet down in one place for a single second, the Crimsons turned on a 21 point barrage in the third period to remove whatever hopes Waverly had of overcoming a J.H.S. lead of 19 to 11 at the end of the first half. The Crimsons fired the ball around with reckless abandon, completing passes and making shots that seemed impossible as they tore through one of the hottest spells of the season.

Charles Johnston, regular Crimison guard, was unable to play because of a recent illness, but Dick Baldwin, who took his place, overcame an attack of the jitters which kept him from cashing on several set-up shots during the first half, went hot during the final half to work his total points for the evening to 13 and high point honors.

Don Newberry was Waverly's chief hope, and the dashing little speedster collected 12 points, six from the field, before he was retired with four fouls. Newberry was the only Waverly player to score from the field.

Pittsfield Needs An Adding Machine

Saukees Run Up 113 Points In Two Nights; Defeat Bluffs Jays 53-22

Pittsfield, Feb. 13.—An adding machine may be installed as part of Pittsfield High's athletic equipment if the Saukees maintain the pace they set during this week end. Tonight they crushed Bluffs 53 to 22, running their total points for two nights to 113.

Friday night the Saukees tallied 60 points against Havana. The locals made a rout of tonight's game from the opening whistle. The Bluffs boys tried, but the harder they tried the more points went into the Pittsfield basket.

Special care should be taken in the lighting of rooms in which children read and play, because childhood is considered the dangerous age for the eyes. Serious defects of vision may result from inadequate or spotty lighting.

Chicago.—(P)—A conscientious student squirted oil into two squeaking motors at a University of Illinois laboratory here. Flustered professors drew his attention to a "no oiling" sign, then announced an experiment to determine how long the machine could run without lubrication. He prematurely ended. Each had made 3,500,000,000 revolutions before the oiling.

FAMOUS WIND-UP

Dizzy Dean works out at Miami Beach. National League batsmen wish the St. Louis Cardinals' great right-hander threw a volley ball.

J.H.S. Frolics Over Waverly For 54 to 19 Victory at D.P.

One Regular J.H.S. Guard Out But Dick Baldwin Turns in 13 Points

White Hall Defeats Jerseyville, Shares Ivy Championship

Maroons Are Champions of Southern Division of Valley Conference

White Hall, Feb. 13.—Championship of the southern division of the Illinois Valley conference was clinched by White Hall High tonight when its basketball team defeated Jerseyville 48 to 36.

The locals continued to show the same sensational form they have been flashing the last few weeks, both in and out of the conference. White Hall took a 7-3 lead at the end of the first quarter, widening the gap to 24-9 at the half. Jerseyville came to life in the third quarter, but could not catch the fast-stepping White Hall crew.

Fair of White Hall had a busy night, dumping in a total of 17 points. Kory of Bluffs was referee.

Canada exported 1320 million pounds of woodpulp in 1935, ranking fourth in such exports. Sweden led with 5353 million pounds, Finland came second with 3567 million, and Norway fourth with 1647 million pounds.

The Taj Mahal is located at Agra, India. It is an architecturally beautiful mausoleum.

Local Bowlers Get Places in Tourney

One Doubles and Two Singles Keglers Leading at Halfway Mark

A Jacksonville doubles team and two singles bowlers led their divisions in the Tri-Valley Bowling association tournament at the halfway mark, according to tabulations released Saturday by Neil H. Manton, secretary of the association. Local bowlers have 19 of the possible 33 places while Quincy has only 17. Quincy is dominating the first places, however.

During the first two week ends of the tournament, 38 teams, 39 doubles teams, and 61 bowlers have gone to the line, and during the closing two week ends it is expected that 53 teams, 62 doubles teams, and 80 singles players will roll games.

Joe Fischer, of this city, was leading the field at the end of the first two week-ends in the senior division of the singles event with 605 pins, and Eldridge, of this city, was leading the booster class in the singles event with 551 pins. The Reynolds-Cooney team topped the junior section of the doubles division with 1086, and were followed by the Kemp-Stribling team which collected 1036 pins.

Lasiter And Scheffler Set Scoring Pace As Collegians Keep Hammering In Points

Illinois College's Blueboys entertained James Millikin on the Illinois School for the Deaf boards last night, but the party was on the Big Blue, Illinois romped over Millikin 53 to 31 after the Blueboy frosh had routed the Millikin yearlings in a curtain raiser 50 to 12.

A big crowd of fans whooped and hollered as the Blueboys kept piling up the points, and just for good measure the two teams threw a bit of probably unintentional comedy which caused more than one outburst of laughter during the second half. Illinois clearly outplayed the Big Blue, keeping the Millikin offense from getting anywhere near the bucket until the second half, and working the ball in for close shots much to the discomfort of the clinging Millikin players.

Millikin came over without their coach, Leo Johnson, who has been ill for the past two weeks and who finally gave up and went to bed after Wednesday's game. His boys, Thursday night, Big George Mueser, who plays tackle for the Chicago Bears in the professional football league, was in charge of the team.

Illinois went out to a 9 to 5 lead in the first five minutes of play, and then both teams went into a tailspin in the scoring department. Lasiter ringing up the only two points scored in the second five minutes of play. Then the boys went back to work. Illinois shooting out to a 19 to 9 lead at the end of 15 minutes, and a 29 to 13 lead at the end of the first half.

Jay Glynn, Millikin captain, was the only one who kept the Big Blue during the opening half for more than half of the points scored by the team, and climbed all over Herb Schuchman, who kept him from doing much. Glynn's fingers beat an almost steady tattoo on Scheffler's ribs, and he tried so desperately to follow his man that at times it appeared as if he were shadow boxing.

Millikin made only one short-lived rally in the second half, pulling the score from 37 to 18 to 37 to 25 before the Blueboys put them back on their heels with five free tosses in a row. Illinois held a 46 to 28 lead at the end of 15 minutes of play in the second half.

Louis Lasiter broke his consecutive free throw shooting record at 14 straight tosses in competition when he missed the fifth of five free throws awarded him during the evening. The Big Blueboy center, however, tossed in 12 points to lead the scoring. Scheffler was right behind him with 11 points, and six other Blueboys dropped in points during the game. Millikin scored 19 times from the gift line, while Millikin got down only nine points.

The Blueboy passing and ball handling worked like a charm during the early part of the game when the team was working for its maximum safety, but it eased off a bit during the latter part of the tussle. For about five minutes in the second half, the two teams good naturedly fouled each other, rolled around on the floor, and tried all sorts of little tricks, but eventually they straightened themselves out and played basketball.

Order Braddock and The Bomber to Sign

Joseph Triner Demands Definite Action

Chicago, Ill., Feb. 13.—(P)—James J. Braddock, world's heavyweight champion, and his challenger, Joe Louis, were ordered today to sign for their

title fight in Chicago next June, without further delay.

The order was issued by Joseph Triner, chairman of the Illinois Athletic Commission, who set next Friday as the date for the pen flourishing ceremony. He also demanded that the definite date and site for the battle be set at the same time.

"We will close this thing definitely at this meeting," chairman Triner said. "There has been enough delay now. I have ordered that the site and date be settled at the same time. The Chicago Park Board is expected to

give its answer, as the probable site of Soldier Field, on next Tuesday.

However, the big stadium on the lake front appears to be out of the picture unless the park board reconsiders its demand for 25 per cent of the receipts. With Braddock guaranteed \$500,000, Sheldon Clark, head of the Sporting Club of Illinois, sponsors of the bout, declared that the unexpectedly high percentage for the use of Soldier Field would be out of the question.

The probability that Comiskey Park home of the Chicago White Sox would be the site was strengthened today with the receipt of word from New York that Braddock's manager, Joe Gould, had withdrawn his objection to the use of the park. Gould held up the signing, scheduled for last Monday, when he demanded that Soldier Field, with its greater seating capacity, be selected. The lake front stadium could be arranged to seat 130,000, but the promoters feel that the 75,000 capacity afforded at Comiskey Park undoubtedly would be enough.

Kansas City, Feb. 13.—(P)—Joe Louis meets Nattie Brown in a 10-round bout here next Wednesday, and fight fans looked upon the affair as a proving ground which will determine whether the bomber can redeem himself for his failure to catch up with Bob Pastor.

Matchmaker Frank Gatto predicts a \$25,000 gate, which would set a record for Kansas City. A capacity house in the new municipal auditorium would bring about \$40,000.

Force of gravity on the planet Venus is 15 per cent less than that on earth, but the air is thinner and would counteract most of that difference.

FOR SALE—Red Clover, Sweet Clover, Alsike, Timothy and all field seeds. Seed corn treated with semeson \$3.50 per bushel if ordered now. Morgan Scott Service Co.

Pole Stars Attempt To Win Glory Back

Appear Tonight in Boston's A.A.T.&F. Meeting

Boston.—(P)—Two of the nation's Olympic champions, pole vaulting Earle Meadows and high-jumping Corny Johnson, will attempt to turn back threatening opposition in tonight's 48th Boston A.A. track and field meet at the Boston Garden.

Both stars lost some of their glitter in last week's Millrose meet, where Meadows was topped by the vaulting of Sue Oye, one of the two Japanese runners-up at Berlin, and Johnson lost to another negro star, Mel Walker of Ohio State.

The Olympians will compete against the same rivals in tonight's competition, which is expected to erase the 14 feet, 4 inches indoor vault record made by Keith Brown, as well as the indoor jumping mark of 6 feet 8 1/2 inches which Johnson shares with the absent Ed Burke of Marquette.

Several other records probably will be threatened but the effort that will attract most of the attention will be Glenn Cunningham's attempt to improve his 4:08.4 mark in his first start in the hunter mile against Don Lash, Gene Zenzke and Arthur Clarke, the Canadian titlist from Toronto.

The fields have been hand-picked for all of the other events, which include the dash, high hurdles, "300," "600" and "1000" runs. The 28 inter-collegiate mile and the 10 two-mile relay teams have been carefully matched to provide keen racing.

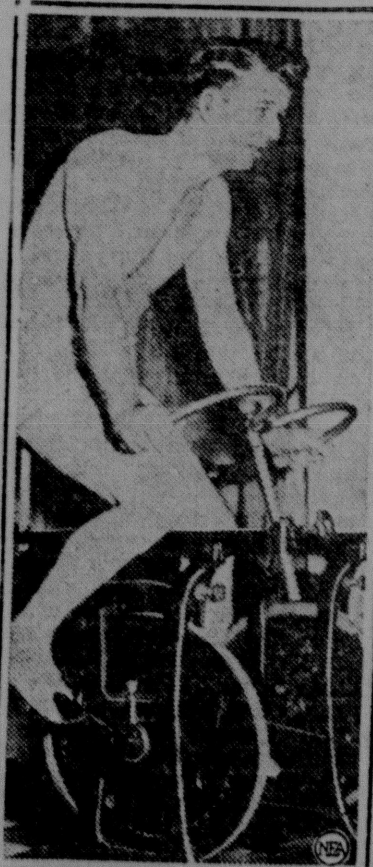

FUNERAL NOTICE

Funeral services for George A. Smith will be held at 2:30 o'clock this afternoon from the Gillham Funeral Home, in charge of Rev. P. D. Stone, with interment in Diamond Grove cemetery. The remains will be taken from the residence to the funeral home an hour before the service.

GROVE GRINDS

Lefty Bob Grove isn't going anywhere on this bicycle exerciser in a Philadelphia gymnasium, but the famous pitcher of the Boston Red Sox is looking ahead just the same. He intends to have those 37-year-old legs in shape for the approaching baseball training season.

Franklin Wins From Bluffs by 17 to 11

Bluffs.—Franklin high cagers avenged an earlier loss here Friday night when they turned back the Bluffs Blue Jays 17 to 11 after snatching the lead in the third quarter.

Bluffs, despite the fact that two regular guards, Russell Smith and Leroy Goodin, were out of the lineup because of illness, led through the first half which wound up 8 to 6. Franklin snapped into action in the third period and went into a 16-9 lead and neither team scored effectively during the final period.

The Bluffs reserves won their 13th game in 15 starts this year from the Franklin reserves, 37 to 25.

FOOTBALL LEAGUE TO HOLD TO OLD RULES

Chicago.—(P)—The newly-enlarged National Professional Football League is going to keep right on playing the rules which have helped it win a place in the nation's sports sun.

Owners and coaches of the circuit, which next season will have Cleveland as a tenth club, swung into the meeting today, agreed that the 1936 campaign was one of the finest ever enjoyed. President Joe E. Carr, reelected yesterday, said the league's financial condition "is better than ever before."

The owners and coaches, accordingly, decided against any rule changes, the consensus being that customers should be given a chance to accustom themselves with the pro game's wide-open style of play.

Cleveland, which operated in the American League last season, is expected to put a strong club on the field. When the draft list was compiled last December a bind was made for an anticipated newcomer to the league and Cleveland, which will play as a fifth club in the western division, is expected to sign several college stars.

Sentence Three Men On Reckless Driving Charge to 40 Days

Nol Prose Charges of Driving While Intoxicated in Court Saturday

Three Palmyra men were sentenced to serve terms of 40 days each, pay fines of \$20 each and each assume one-third of the costs of the case, when they were brought before Judge Wm. E. Thomson in county court Saturday morning on charges of reckless driving, driving while intoxicated, and driving while under the influence of narcotic drugs.

State's Attorney Oscar C. Zachary nol prossed the charges of driving while intoxicated, and driving while under the influence of narcotic drugs after the three men had pleaded not guilty to the charges in the information, and the men, Joe Mangers, Wendell Hoover, and Frank Mayes, pleaded guilty to the charge of reckless driving.

Charges were brought against the men Thursday after they are alleged to have pushed an automobile containing Ruth Curtis, of Waverly, and Dina Butler, of Modesto, at a speed of 60 miles an hour along the highway between Waverly and Palmyra last Wednesday night. The men were arrested in Waverly and then brought to the county jail here.

FRANK C. BAPTIST TO TAKE BAKERY COURSE IN CHICAGO SCHOOL

Frank C. Baptist, operator of the A-B Bakery here, is leaving for Chicago this week to take a trade course in the Stiebel Institute of Technology. He will study subjects related to his business for the next ten weeks.

During his absence, Mr. Baptist has leased his bakery here to Mrs. Martin Widner, who has had experience as an employee in the business.

Baptist is the son of Frank Baptist of this city. He is a talented musician and his services as a violinist are in much demand.

LOST—Black leather purse containing money, south part city. Finder notify Freda Gaines, State hospital.

Personality Girl In Unusual Dance

Demonstrates Smoothness, Safety, Economy of New Chevrolet Car

The Chevrolet personality girl, Evelyn Burns, gave her unusual exhibition of dancing Saturday afternoon as her car moved through the local business section. She danced on the tip of her toes on the steel turret top of the car to music coming from a special portable broadcasting outfit with which the machine is equipped.

Miss Burns' exhibition demonstrated the safety, smoothness and economy of the new Chevrolet. The car is the same as the one used in the test on the factory proving grounds at Milford, Mich. Miss Burns danced in spite of wind resistance increased by a speed of 35 miles an hour attained by the car, and also in spite of the weaving back and forth through the heavy traffic on the local streets and square.

A gas tester on the car recorded the consumption of gas during the exhibition, showing the economy of operation of the car.

NEW STUDENTS ENROLL AT MACMURRAY COLLEGE

Eight new students were enrolled at MacMurray college for the second semester. They include: One junior, three sophomores and four freshmen.

Miss Ruby Baughman, junior, Edinburg, Illinois, is a transfer from Eureka. Miss Eunice Hughes, sophomore, 104 Amory street, Fond du Lac, Wisconsin, is a transfer from the University of Wisconsin. From Carleton college, in Minnesota, came Miss Dorothy Kant, sophomore, 909 South Hoyne avenue, Chicago. Miss Helma Miller, sophomore and new Jane Hall nurse, of Compton, Illinois, received her nurses training at the People's hospital, Peru, Illinois. Of the four freshmen, Miss Eleanor Middleton and Betty Neely came from 707 and 703 respectively, Broadway Place, Des Moines, Iowa; Miss Margie Barnes comes from 6240 South Rockwell, and Miss Adele Mau from 13709 Layden avenue, Chicago.

Bees fly no farther for food than is absolutely necessary. They usually confine their foraging to an area within a mile or two of the hive.

Won't You Be OUR Valentine?

VALENTINES have a way with little girls' hearts. That explains the happy mood of the Dionne quintuplets as they send this valentine to you. Cheery greetings come from Yvonne, Marie and Annette, at top, left to right. Below with Dr. Dafoe, Cecil, left, sends her message with a smile, and Emilie interrupts her research long enough to join in the sentiment.

To Voters

Statement of Platform by GEORGE F. BROWN, and an Appeal to Republicans of Jacksonville:

I am asking Republicans of the city of Jacksonville to nominate me for Mayor at the primary to be held Tuesday, February 23.

I have lived in Jacksonville for almost 30 years, have been in the plumbing business for more than 30 years and during these years I have been a tax payer. All I have in property is located in Morgan county and this city.

Through these years I have been identified with the social and business life of the city. I have studied and observed city affairs. Two years ago I was elected an alderman, and with my understanding of city affairs, I believe I have been able to give Jacksonville citizens a good service. I respectfully ask voters to examine my record and I am willing to stand or fall on that record.

I list some of the things for which I have stood in the council:

In the removal of street car tracks, I insisted that ownership of rails be established before the work of removal, thereby avoiding any litigation arising from removing tracks.

I favored the submission of the sale of bonds for the proposed improvement of our water system on the open market rather than the agreed rate of 4%. The reason for this position was that by going in the open market the city could save more than \$10,000 on said sale.

I favor a municipally owned light and water plant. When the question of the building of the light plant with PWA funds was before the council I gave it my support and when the proposal to withdraw the PWA application in the interest of the proposed PWA water plant improvement was made I opposed the proposed withdrawal of the light plant in order to advance the proposed water plant improvement. The council made this request of withdrawal but when it was found that federal aid could be secured for improving the light plant, the same was reinstated and is now awaiting court action.

I have never favored the issuance of bonds without a referendum; all bond issues be submitted to the people for their approval.

Yours Very Truly

George F. Brown

Mrs. Wm. DeHart Is Hostess at Chapin

Household Science Club Holds Meeting; Other Chapin News

Chapin, Feb. 13.—Mrs. William DeHart was hostess to the Household Science club Thursday afternoon. Roll call was answered with a Valentine verse. During the business session it was decided to make a donation to the Red Cross for flood relief work.

Mrs. Ned Taylor read a splendid paper on "Lands of Romance." Mrs. R. C. Porter, reading, "Dream Children"—Lamb. During the social hour delicious refreshments were served. Guests—Mrs. Harold Woodward and Mrs. Henry Vortman.

News Notes
William Brownlow and Charles Tunnell were Sunday dinner guests of Mr. and Mrs. W. O. Brewer. Mr. Brewer and family who for the past twenty-one years have resided on the Fountain farm will leave March first for a farm near Woodson.

Mr. and Mrs. Roy Rainbolt of East

St. Louis are spending the week-end with Mr. and Mrs. Irvin Coulson. Mr. and Mrs. John Pine of Jacksonville were callers here Thursday.

Mr. and Mrs. James Anderson are spending the week-end with Mr. and Mrs. Carlton Anderson at Morrison, Ill.

Miss Lucille Nergenhah, student nurse at Our Saviour's hospital visited with her parents Mr. and Mrs. Walter Nergenhah Friday to Saturday morning. Mrs. Emma Andell returned to her home in Winchester Saturday after spending the past two months here caring for her mother Mrs. Mary Rigor.

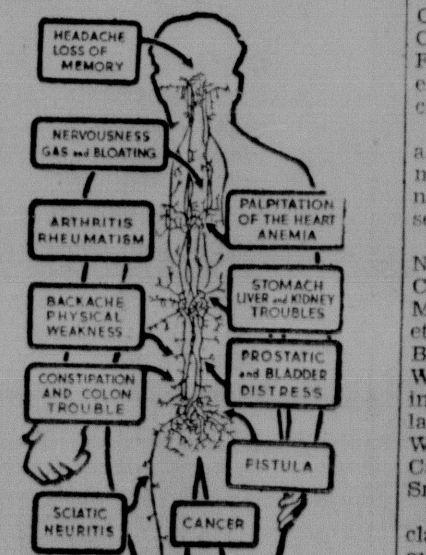

Kenneth Mattes, the son of Mr. and Mrs. Henry Mattes was taken to the hospital Friday suffering with appendicitis and severe colic on his lungs.

Mrs. Ira Bonds entertained the Octagon Penelope club Thursday afternoon, as the roads were muddy. Mrs. Bonds held her meeting at the home of Mrs. R. C. Clark. High score went to Mrs. Louella Bonds. Second high and floating prize went to Mrs. Mae Hogan.

Seven members and two guests were present. Mrs. Newton Gregory of Jacksonville and Miss Louella Bonds, of Chapin were guests. Members present were Mrs. John Harris, Mrs. Walter Hogan, Mrs. Rindard Ommen, Mrs. Jesse Delph, Mrs. Wm. Fisher, Mrs. R. E. Clark and Mrs. Ira Bonds. The next meeting will be Thursday, Feb. 18.

WHAT DISEASES DO PILES CAUSE?

Dr. A. J. Maris, chief of staff of the world famous Thornton & Minor Clinic says: Piles are the direct cause of thousands of cases of functional troubles of stomach, liver, kidneys and heart. Chronic constipation, colitis, neuritis, loss of memory, loss of vigor and a general tired feeling are often relieved when rectal troubles are cured.

If you have Piles or other rectal disorders do not fool yourself, because serious complications, including cancer, develop from what may appear today as a minor affliction. Write today to Thornton & Minor Clinic, Suite 2527, 926 McClellan Street, Kansas City, Mo., for a free copy of a new illustrated book which explains Piles and other rectal diseases and which tells about the successful methods used by the world's oldest rectal institution, where more than 48,000 men and women have secured permanent relief from their rectal troubles without needless surgery, dangerous anaesthetics or hospitalization. Correspondence is confidential and literature is mailed under plain wrapper.

Valentine Party Is Enjoyed at Woodson

Christian Church Endeavor Society Sponsors Event; Other News Notes

Woodson, Feb. 13.—The Junior Christian Endeavor society of the Christian church and the leader, Mrs. Fred Leeper, held their annual Valentine party Friday night in the church basement.

The evening was spent with games and a Valentine box turned out much merriment. At the close of the evening delightful refreshments were served.

Those present were Anna, Ida and Nina June Wilbur, Helen Henry, Catherine Atkinson, Velma Basham, Mildred and Geraldine Bray, Maryetta and Elita Mae Megginson, Mary Burkery, Alta Fay and Dorothy Whitaker, Mary Frances Hart, Pauline Hart, Gladys Leeper, Mrs. Dowland Megginson, Bob and Jimmie Wilber, Dickie and Donnie Basham, Carl and Earleand Winter, Richard Smith, Jackie Megginson.

The Willing Workers Sunday School class of the Christian church will be guests Thursday afternoon, Feb. 18, of Mrs. Irene Helliwell. Assistant hostesses will be Mrs. Edna Johnson, Mrs. Dorothy Tranbarger and Mrs. Lillian Harney.

Edward Irlam is having the interior of the residence he purchased recently redecorated. The place formerly was known as the William Colton property. Mr. Irlam and family expect to take up residence there in the near future.

VALENTINE PARTY IS HELD AT LITERBERRY BY BAPTIST SOCIETY

Literberry, Feb. 13.—The B. Y. P. U. sponsored a Valentine party which was held Thursday evening at the Baptist church.

Committees composed of Miss Irene Daniels and Miss Margaret Curtis, decorating; program, Miss Caroline Crum and Ralph Ginder; menu, Mrs. John Guy and Miss Eleanor Mae Litter, planned a lovely evening for the 23 guests present.

A Valentine exchange was held and games and contests completed the evening's entertainment.

A large crowd attended the chili supper held Friday evening at the Christian church. After the supper a play was presented, and special numbers included a piano duet by Mrs. O. L. Crum and Mrs. Geo. Barber, and a vocal solo by Cecil Crum.

The Live Wire class social will be held next Thursday evening at the home of Irene and Harold Daniels. Each member is requested to take a package or gift which will be sold to make money for the class treasury.

Oliver Lindsay, son Everett and Bradford Stewart furnished music for the barn dance held Friday night at the Illinois College gym at Jacksonville.

Friends of Mrs. E. L. Rexroat will be glad to know that she is improving in health.

J. B. Lowden and W. W. Daniels were business callers at Virginia Saturday morning.

"Y" WOMEN PLAN MONDAY MEETING

On Monday night, February 15, one of the outstanding activities of the new women's program of the Y. M. C. A. will be begun when the young business women of Jacksonville meet to organize a "Y" women's club in the Congregational church.

Special programs of women's problems, social problems, government, current affairs, and the general topic of women in the world of today will be studied and discussed.

In order to secure a well balanced and always interesting club, recreation in the church rooms will form a part of the group activities.

At 7 p. m. the group will assemble in the church gymnasium for an informal get together and hour of recreation.

At 8 o'clock they will adjourn to the club room at which time the director, Isabel Cully, will discuss the possibilities of the club and have charge of the organization of it.

Following the organization of the club, Dr. Mary Louise Newman will discuss "Young Women in the World Today." Dr. Newman, a most interesting speaker, is unusually well qualified to discuss this subject because of her interest in the program of the Y. M. C. A. and because of her understanding of the social life of the community.

The Y. M. C. A. extends an invitation to all women who are interested in its program for the advancement of social and educational programs and for the service it offers to the young women.

Civil officials in India wear blue uniforms of various shades for occasions of state.

All Scout Night Is Planned in Scott

Affair Sponsored by Winchester Kiwanis Club; Other News Notes

Winchester, February, 13.—At the meeting of the Winchester Boy Scouts held in the Scout Hall Thursday evening, plans were discussed for "All Scout Night", which is being sponsored by the local Kiwanis Club, at their next meeting next Tuesday evening.

The following program arranged by R. R. Funk, chairman of the Todd District, will be presented following the dinner in honor of the troop which the local Kiwanis Club has been sponsoring:

Introduction—Dr. Wm. O'Reilly, president of Winchester Kiwanis club. Oath and Law—led by P. J. MacLam, district commissioner, with R. R. Funk, chairman of the program, presiding.

Songs—led by S. G. Smith. "Why I Am A Scout"—Warren North. "Why I Am A Scoutmaster"—Curtis E. Pulliam. Scout stunt by scout troop. "Why I Believe in Scouting"—Rev. R. L. Schwab, scout father.

Presentation of Awards to local scouts—Court of Honor.

Taps.

News Notes
Mrs. George Cowhick entertained the members of her bridge club at her home yesterday evening.

George H. Reid, Walter Scott and Albert Rolf attended a Livestock Producer's meeting at Mt. Sterling, today.

Miss Emily Reid was hostess this afternoon to a group of girls at her home.

William Watt has been detained from his office this week by illness.

The Live Wire and Helping Hand Classes will hold a Valentine party in the Baptist church basement here Saturday evening. Plans are being made for this annual event.

Miss Kathryn Lewis left today for Carbondale, where she will spend the week end.

Mrs. Russell McLaughlin has been detained at her home by illness for the past week.

Miss Betsy Foot will be hostess at 2:30 o'clock this afternoon to a number of her friends, the occasion honoring her fifth birthday.

The Dietetic service was called to Baylis Thursday evening by the death of Miss Mary Fee, aged 74 years, who passed away Thursday afternoon at her home in Baylis. Miss Fee was a lifelong resident of the Baylis community. Funeral services will be conducted at the Baptist church at 2:00 o'clock Sunday afternoon, with Rev. Hiatt officiating. Burial will be in the Woodlawn cemetery.

AT BOX SUPPER
The names of Prof. and Mrs. Earl Miller and Prof. and Mrs. Vanduyt, were inadvertently omitted from the list of persons who served on the committee for the box supper and barn dance held at Illinois college Friday night.

The gorilla beats his breast as an outlet for a superabundance of energy and does it during all his various moods, not only when he is angry.

White Hall Eastern Star Group Meets

Mrs. W. H. Blake Elected Head of Club; Other News from White Hall

White Hall—The Past Matron's club of Guiding Star Chapter O.E.S., met Friday afternoon at the home of Mrs. Russell McMahan. Miss Edith Chapin read a paper on the Life of Madame Schuman-Heinck. Election of officers was held. Mrs. W. H. Blake was made president; Mrs. Ethel Ross, vice president; Mrs. Marcus McCollister, secretary; Mrs. Carl Moulton, treasurer. Numbers were drawn to determine partners for entertaining for the next year. The next meeting will be with Miss Edith Chapin and Mrs. Fred Collins will assist.

Mrs. Clara Bell and Mrs. Helen Search and little daughter, Carol Ann, left Monday for Urbana to make their home while Mrs. Search takes a course in the University of Illinois.

Monk Barber moved this week from the Mrs. F. E. Vandever house on Douglas street to the Joseph Schier home on North Main street. Mrs. Vandever is moving from her farm house on East Lincoln street to the house vacated by Barber, and Roy McPherson will move from the Masters farm north of the city to the Vandever farm. A. P. Turner who has been living in the Schier house moved to Granite City where he has employment.

Mr. and Mrs. Jack Beebe of Alton spent Thursday with the Duncan sisters on Carrollton street. Mrs. Beebe and Miss Bird Duncan were college chums at Shurtliff college.

Mr. and Mrs. S. B. Robinson of Murrayville were guests of Mrs. L. O. Goodrich and daughter, Irene, Wednesday.

Mont R. Winters, Jesse Harrison and E. A. Carrigan attended a Spanish War veterans' meeting in the American Legion home in Jacksonville Tuesday night.

HONORS AWARDED AT COLLEGE BARN DANCE

Certain students were given a type of notice at Illinois College Saturday and results of votes taken at Friday night's barn dance became known. The "most loving couple" picked by the group was baseball co-captain Tommy Kline and his guest, Miss Vivian West. They ate a pickle together in public as a recognition of their "honor."

A prize cake was awarded to Gail McWard, 200 pound football star, who held the lucky ticket.

Coach Ray Nusspickel stated yesterday that the box social and barn dance has practically established itself as an annual affair on the hill. Not only students, but also many alumni were present and commented enthusiastically on the affair.

Nusspickel made the following statement yesterday afternoon regarding the dance:

"Credit for the success of the affair must go to the girls and ladies, who cooperated splendidly in making up the well-filled and beautifully decorated lunch boxes, to the boys who showed such sportsmanship in bidding generously, and to C. Justus Wright and Jesse Henry who served as auctioneers. Thanks are also due to Willard Young, who called the square dances and his orchestra."

Mr. Nusspickel continued to express the appreciation of the I Club to all those who attended and to state that there will very probably be more in the future.

Former Citizen of Morgan Passes Away In Greene County

Fletcher Coker Dies Early Saturday at Patterson; Has Relatives Here

White Hall—Fletcher Coker passed away at his home in the Patterson community at 12:15 o'clock Saturday morning. He was in early life a resident of Morgan county, but has resided in Greene county for the past 35 years.

He was aged 78 years, four months and ten days. He is survived by his wife, Elizabeth Rufus Coker; two sons, Mayfield of Patterson, and George E. at home; one daughter, Mrs. Loren Lovelace of Palmyra, and seven grandchildren. He leaves also the following brothers and sisters: E. D. Coker of White Hall, Logan, Margaret and Maude Coker of Jacksonville, and Mrs. Frank Devine of Murrayville.

Funeral services will be held at 2 o'clock Monday afternoon from the Patterson Baptist church, in charge of Rev. Robert Hudson, with interment in Pinetree cemetery north of Patterson.

ALEXANDER UNIT OF HOME BUREAU HOLDS MEETING

Alexander, Feb. 13.—The Alexander unit of the Home Bureau met Friday afternoon with Miss Elizabeth Bergschneider as hostess at her home south of Alexander with most of the members and a number of guests present.

The meeting was called to order by the President, Mrs. W. A. Kinnett. Roll Call was responded to by naming a new dish for breakfast, lunch and dinner.

Mrs. John Weigand led a most interesting discussion on calories, what shall we eat? She explained how calories were estimated in regard to their food value to the human system, followed by demonstrations, as the number of calories in different kinds of foods which serve every day in our menus.

Mrs. Charles Schirz then gave a demonstration on how to change a bed with a patient in it. Also how to prepare a bed to receive a patient.

Guests present were Mrs. Charles Schirz, Mrs. Harry Walsh, Anna May Walsh, Mrs. John A. Brown, Mrs. Chester Walsh, Mrs. Ed Hermes, Mrs. Frank Hermes and daughter, Mrs. Mary Bergschneider, Bobbie Bergschneider.

The next meeting will be held on March 12 with Mrs. Walter G. Parmelee as hostess and will be in the nature of a pot-luck dinner. The Home Bureau advises Mrs. Agnes Dougherty will be present.

News Notes
Mr. and Mrs. Ira Cobb and son Richard and Stanley Curry spent Saturday with Mr. and Mrs. Earl Muckelston.

Mrs. Orris Gray will entertain the Alexander Woman's club Wednesday February 17th.

Karl Schewe of Chicago arrived Friday to spend the week-end with Mr. and Mrs. Clarence Schewe and Charles Schewe.

Irvine Robbins expects to leave Monday for Sanderson, Texas, for an extended visit with Mr. and Mrs. Frank Weigand and family.

Owing to game-protecting laws in the United States, some species of nearly extinct birds are now multiplying.

Final Stock Prices Are Mostly Lower

New York, Feb. 13.—(AP)—The stock market backed away today from heavier offerings, mainly in steel and other recent industrial favorites. Despite a rally in the second hour of the short session, final prices were mostly on the downside and many prominent issues were off fractions to more than 2 points.

The character of stocks leading the sell-off was accepted as indication in speculative quarters that the usual week-end profit-taking urge was taking toll in lower prices. Moreover, there seemed to be revision of profit calculations in steel and allied industries in consequence of wage boosts and the move for an advance in the Pittsburgh steel district.

For the immediate future, however, industrial observers painted a bright picture, with General Motors plants aiming to make up for time lost during the strike.

Large Stocks Hold Meat Prices Down

Chicago, Feb. 13.—(AP)—Increased fresh supplies of livestock this week coupled with liberal storage holdings of meat, the largest for the date since 1920, and the effect of the Lenten season were factors that unsettled the meat trade and prevented a rise in livestock prices.

Hogs and lambs lost ground, only cattle bucking the downward trend. Today's market was quiet, only a few hogs being sold at unchanged to 10 cents lower prices. Quotable top was \$10.35.

Early gains in cattle were eliminated before the close of the week. Dressed prices for most meats turned downward as consumer demand lagged, but no market wholesale price declines were registered except in pork loins, light ones selling off 14 cents a pound.

Hogs closed unchanged to 25 cents lower than a week ago. Fat lambs lost 50 cents, the late top declining to \$10.45 compared with \$11 a week ago.

Choice and prime cattle were little changed, with weighty offerings gaining 25 cents in instances, but some medium and good heaves turned lower. Some sales of the stock showed advances of 25 cents. The cattle market top stayed at \$14.50, paid early in the week. The best price later was \$14.10.

E. St. Louis Livestock

East St. Louis, Ill.—(U. S. Dept. Agr.)—Hogs, 3500; 400 through; 2700 direct; odd lots steady on 180 lbs. up; a few light lights 15 lower, but no enough on sale to make a market; good to choice 180-250 lb. \$10.25; 140-160 lbs. \$9.25; 75; sows \$9.50; 75; compared with week ago, mostly 10 lower, sows steady.

Cattle, 300; calves, 200; compared with close of last week: steers steady; mixed yearlings, heifers, and cowfist 25 higher; sausage bulls steady to 25 lower; vealers 25 lower; tops for the week: 1152 lb. choice steers \$11.50; yearlings \$10.80; mixed yearlings and straight heifers \$10.90; cows \$6.50; sausage bulls \$6.25; vealers \$11.00; bulks for the week: steers \$8.00; 10.25; mixed yearlings and heifers \$6.75; 9.50; cows \$4.75; 5.75; cutters and low cutters \$3.25; 4.25; there was practically no replacement steer market.

Sheep, 100; compared with week ago, lambs 25-50 lower; sheep steady; top native lambs for the week \$11.00; packer top \$10.80; late packer top \$10.25; top westerns for the week \$10.60; practical top and bulk all clipped \$9.35; bulk native and western lambs for the week \$10.00; 9.50; western shearing lambs \$9.25; 9.35; slaughter ewes \$5.00; 7.5.

Centerville Girls 4-H Club Resumes Activity

Jersey County Apples Sweep Prizes at State Horticulture Society Show; Centerville 4-H Club Reorganizes With Two Leaders; Fruit School at Carrollton Friday

For the seventh consecutive year, Jersey county apples won the highest award at the Illinois State Horticulture society show held at Carbondale on Feb. 3, 4 and 5, in connection with the first annual meeting of the society. G. W. Wienieke & Son, prominent fruit growers of Rosedale, were the chief winners, having received a total of 50 blue ribbons and 19 second-place ribbons. The most coveted prize of the entire show won by the exhibitors from Jersey county was the blue ribbon on the best collection of apples from 10 to 15 varieties. The Wienieke winnings in the statewide competition also included first and second awards for the best 5-tray collection of five varieties; first and second on best single tray, any variety, and first and second on best single bushel, any variety.

Southern Division Winnings

The prizes won by Mr. Wienieke and son in the southern division competition included:

- Best plates, 4 varieties winter apples for market—First and second.
- Best plate, single variety winter apples for market—First and second.
- Best plates, 3 varieties fall apples for market—First and second.
- Best plate Golden Delicious—First and second.
- Best plate Ben Davis—First and second.
- Best plate Jonathan—First and second.
- Best plate Grimes—First and second.
- Best plate Rome—First and second.
- Best plate Winesap—First and second.
- Best plate Red Delicious—First and second.
- Best plate York Imperial—First and second.
- Best plate Willow Twig—First and second.
- Best plate Stayman—First and second.
- Best plate any other variety—First and second.

Their latest success in winning the state championship was the seventh time in succession that the Wieniekes have brought this honor to Jersey county.

Prominent fruit growers from Jersey and Calloun counties who attended the meeting reported that one of the most interesting held in recent years.

Jersey county was represented by G. W. Wienieke and son, Marx, Chas. and Edward Ringhausen, Harry Fulerson, Bill and Albert Ringhausen. Those from Hamburg, Calhoun county, were Paul and Ted Ringhausen.

Inspects Legate Herd Of Aberdeen Angus

W. Dean Mobley of the Meadow View Stock Farms at Mount Sterling, breeder of registered Aberdeen Angus cattle, was a recent visitor at the home of W. W. Legate in the Grafton vicinity and inspected his herd of fine Aberdeen Angus.

Mr. Legate purchased an Angus cow, Blackbird 33, and her calf from Mr. Mobley in June, 1931, and since that time has built a herd of 21 Angus. Blackbird 33 has produced 7 calves including 5 heifers and 2 bulls in a period of 5 years, 9 months and 15 days. Blackbird 36 has produced 5 calves, including 3 heifers and 2 bulls. Blackbird Lass L has produced 3 calves, all heifers, in the period of 2 years and 6 months. Queen Blackbird of Hartford has produced one bull. Blackbird of Hartford has produced a cow calf and Blackford of Hartford 2 has produced a cow calf. Blackbird Lass L 2 has produced a bull calf.

Mr. Mobley was highly pleased with the production of the herd. Blackbird 33 is a full sister of the championship steer at the Producers' 4-H club show of 1928, the first steer to sell on the St. Louis market for \$1.85 per pound and netted his owner, Raymond Mobley, over \$2,000.

TO NOMINATE FAIR OFFICERS AT MEET HERE MONDAY NIGHT

At 7:30 o'clock Monday evening the nominating committee appointed by the board of directors of the Morgan County Fair, will meet at the Chamber of Commerce. The committee will nominate officers to handle the 1937 Fair.

CHICAGO GRAIN

Chicago, Feb. 13.—(AP)—Cash wheat was quoted 2 to 3 cents higher today, although no sales were reported. The basis was firm. Receipts were 22 cars; shipping sales 90,000 bushels.

Corn was unchanged to 2 cents lower. Receipts were 163 cars; shipping sales 58,000 bushels; booked to arrive 6,000 bushels.

Oats were unchanged to 1 cent lower. Receipts were 22 cars; shipping sales 30,000 bushels.

LET'S GO!

Heretofore the flood, motor strike, excess bank reserves, and Congress have obscured the business picture. The flood is over and recovery is inevitable; the motor strike is settled and business will react with impetus; excess bank reserves are in process of correction and Congress is showing its independence (?). Business will advance with material progress. Well selected common stocks are presently leading the financial procession. If you have non-dividend paying stocks or bonds of any sort consult me for a profitable work out.

THIS CURIOUS WORLD By William Ferguson

THE plant known as Jack-in-the-Pulpit is dioecious, meaning that it bears stamens on one plant, and pistils on another. Mother Nature has provided ample room in the staminate flower for insects to wallow about in the pollen, but the pistillate flower is crowded inside, making it necessary for insects to brush against the stigma.
